Bismillahir Rahmanir Rahim

In the name of the Almighty Allah,

My dear Shareholders/Stakeholders, Ladies and Gentlemen,

A very good morning and the warmest welcome to the 24th Annual General Meeting of ONE Bank Limited.

At the outset, I would like to say a few words from the Board's perspective on what was another eventful year.

As countries finally opened up for businesses in 2022 after two years of pandemic lockdowns, the global economy including our country (being heavily dependent on the import of essentials and exports, particularly Ready Made Garments) faced further pressure resulting from the Russia-Ukraine War, which continues to have a devastating impact adding to the rising cost of living and the cost of doing business all over the world. These factors drove inflation in the country high, with consumers and businesses encountering increased costs and considerable uncertainty.

The worldwide dollar crunch has adversely affected the country's economy, which has impacted import & export businesses. As a result, L/C-related businesses plummeted, declining the Bank's income. Despite that, the Government and Regulators have taken some measures to address this challenge, it will take some time to produce visible results.

The economic environment will remain challenging for some time, with expected further tightening of consumer spending and real incomes, which will put pressure on household budgets. The economy is unlikely to grow significantly in the near future.

Despite the above scenario, I am honored and inspired by the zeal you have demonstrated by your presence today. Hope all of you are safe, in good health and spirit.

I am pleased to inform you that many of our shareholders and shareholders' representatives have registered their presence online for this virtual AGM. We welcome your active participation & suggestions throughout this AGM.

During the year, the banks in the country saw a significant increase in Non-Performing Loans. The banks, therefore, adopted strategies for the regularization and recovery of Non-Performing Assets. Unfortunately, it did not produce the desired reduction of stressed assets and cash recovery. The banks found it very difficult to tackle the afterpandemic economic hurdles. The Russia-Ukraine war further deteriorated the economic condition.

OBL, besides the recovery of NPLs, has undertaken the task of capacity-building of its people and improving compliance culture. The Bank has also planned to upgrade its Core Banking System and ancillary digital platforms to remain a competitive entity in the ever-changing market.

CHAIRMAN'S ADDRESS

In the meantime, OBL has achieved a significant milestone in ensuring the highest standards of Information Security Management by successfully obtaining ISO/IEC 27001:2013 certification, a globally recognized standard for Information Security Management Systems (ISMS). This achievement testifies to our commitment to maintaining the highest level of data protection and our continuous efforts towards ensuring the security and safety of customers' sensitive information. The ISO/IEC 27001:2013 certification demonstrates our dedication to implement a robust security control structure mitigating risks effectively across our Information Technology services and operations.

In terms of Business Performance, OBL also experienced a difficult time during 2022. The business parameters though showed a positive move in terms of performance, it was insignificant. Loans & Advances and Deposit growths in 2022 were very minimal. On the other hand, the inclination of the customers, particularly large customers, towards delinquency was the major challenge for the Bank. Thus the volume of NPL increased out of proportion.

The EPS of the Bank for the year 2022 was Tk. 1.42 and the Capital Adequacy Ratio was 11.77%. The Total Investment of the Bank as of December 31, 2022 stood at Tk. 37,064 million. The Board of Directors has been constrained to recommend a 5% Stock Dividend for the year 2022 to this AGM.

During the year, the Bank opened 03 Branches, 10 Sub-Branches and 03 collection Booths. As of 31st December 2022, OBL had 110 Branches, 39 Sub-Branches and 17 collection Booths across the country covering all the major business centers of the country. The total number of ATM Booths was 172 (131 onsite and 41 offsite). Our Agent Banking outlets have grown in number. As of December 31, 2022, we have 189 Agent Banking outlets in place.

We continue to expand our Islami Banking Operations through two (02) full-fledged Islami Banking Branches i.e. Gulshan Islami Banking Branch, Dhaka & Agrabad Islami Banking Branch, Chattogram. Our Islami Banking has gained momentum. The numbers of clients (Assets & Liabilities) are on the rise. All conventional Banking Branches and Sub-Branches of the Bank are also extending Islamic Banking services through online facilities.

ONE Securities Limited (OSL), a subsidiary of the Bank, continued to maintain its position as one of the leading Stockbrokers and Stock Dealers of DSE & CSE in 2022. Another subsidiary ONE Investments Limited (OIL) meant for the Merchant Banking business is awaiting approval of the application for license from BSEC to commence business.

CHAIRMAN'S ADDRESS

The Bank's Custodial Services involving the opening of NITA (Non-resident Investor Taka Accounts), opening FC Accounts etc., buying and selling shares at DSE and CSE as per clients' instructions were quite dull during the year. However, we expect that NRB and Foreign Investors will come forward as soon as some improvement in economic conditions of the country becomes visible to open FC & NITA Accounts and take part in buy/sale in the Bangladesh Capital Market through Dhaka & Chittagong Stock Exchanges.

OBL has always been committed to Corporate Social Responsibility (CSR). A total sum of Tk. 5.27 crore was spent during the year 2022 towards the following programs:

- Blankets donated to (1) Palli Unnayan Kendra, Bhurungamari, Kurigram, (2) Rashed Khan Protibondhi Songothon, Astagram, Kishoregonj and (3) Sheikh Rasel Smrithy Sangstha, Tungipara, Gopalganj.
- Donation to Prime Minister's Education Assistance Trust Fund.
- Publication of advertisements regarding creating/ increasing awareness on integrity in different national daily newspapers.
- Doctor's Remuneration for extending medical services to the poor people of Joypara, Dohar, Dhaka.
- · Blankets donated to Prime Minister's Relief Fund.
- Contributions to the Employees' Welfare Fund of Mongla Port Authority.
- Providing foods and other essential goods to the Coronavirus affected poor people across the country.

While growth and profitability are important, in present circumstances, sustainability forms the foundation of OBL's strategy. We want to build sustainability through consolidation in our business performance and operations with disciplined execution at the core.

Looking at the year ahead, as well as the gradual recovery of NPLs, it is clear that there are some notable challenges facing us and our customers in the coming

days. Inflation, which was already on a steep trajectory at the end of 2022, looks set to continue to rise as the reverberations from the Russia-Ukraine war will have an indirect impact on prices, especially of energy and commodities. We are very conscious of the effects this will have on the cost of living for many of our customers and businesses. Our two (02) Special Asset Management Teams (SAM 1 & 2) have taken vigorous drive in conjunction with our very competent Legal Division to recover/regularize the NPLs. And we are hopeful, in partnership with our clientele, shareholders including all other stakeholders with a spirit of oneness, we will overcome all the barriers and emerge as winners.

Before I conclude, I would like to reassure you that the Bank has put in time-appropriate plans and strategies to ensure consolidation and sustainability for desirable quality business growth and resultant profitability.

Thank you once again for your presence here today. On behalf of the Board of Directors, I wish to convey to you our sincere gratitude. We look forward to your continued support in our up-the-hill journey toward fulfillment.

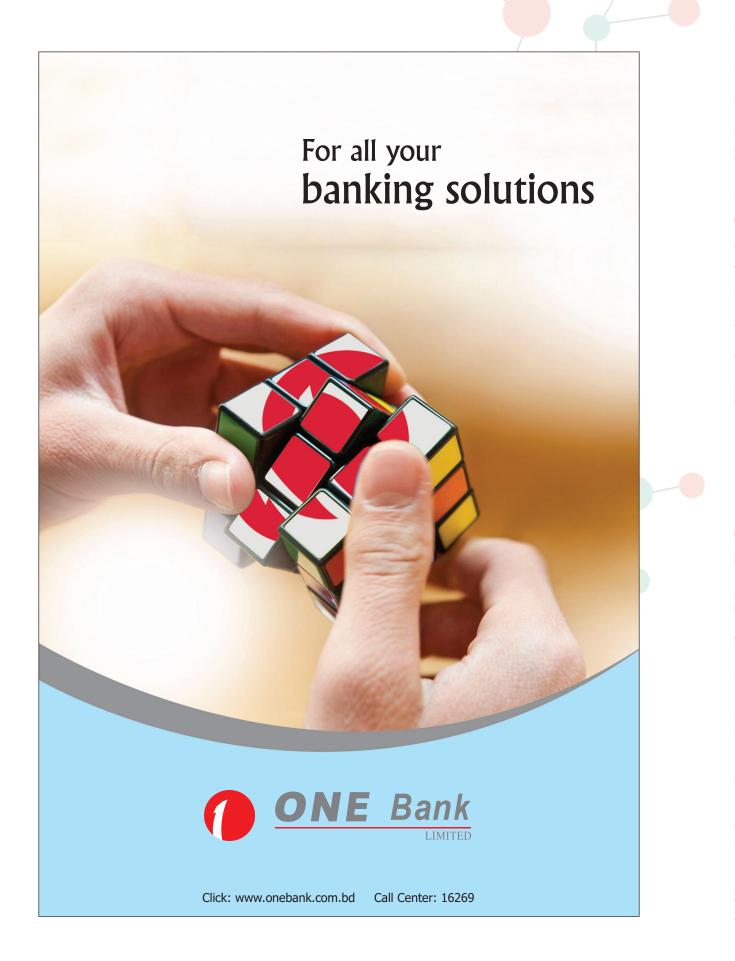

I sincerely thank the Regulatory Bodies, particularly Bangladesh Bank and Bangladesh Securities and Exchange Commission (BSEC), DSE, CSE, our valued Shareholders, Customers, Vendors, Business Associates, Bankers, Financial Institutions and other Stakeholders for their unstinted support and cooperation.

I extend my heartfelt gratitude to my colleagues on the Board for their sincere and compassionate counsel and valued involvement and appreciation to all our staff members for their hard work & endeavors and above all, their sense of belongingness to the ONE Bank family.

We firmly look forward to continuing this journey in oneness with you to take our Bank to new heights.

May the Almighty Allah bless and protect us in all our good intentions and efforts.

ONE step ahead in information security landscape

The Board of Directors of ONE Bank Limited takes the pleasure in presenting the Directors' report in this 24th Annual General Meeting before you along with the Audited Financial Statements for the year 2022. Also a brief overview of Global and Bangladesh Economy, Bank's performance and other matters relating to compliance of directives issued by Regulatory Authorities have been incorporated in this report. A review of this report will reveal the Bank's overall standing, its strength and growth trend in the prevailing competitive market.

2022 was another challenging year for the business and banking sectors in Bangladesh. ONE Bank Limited tried to face all the challenges courageously. Here we have also reviewed our operational and financial performances through analyzing our key operational areas and the activities of the Bank during 2022.

Global Economy in 2022

While the Global Economy was recovering from the fallout of unprecedented COVID-19 pandemic, global supply chain and the economy at large were severely affected in 2022 by the Russia-Ukraine war, record high inflationary pressure, and the slowdown in China due to frequent lock downs under its zero COVID policy. To contain inflationary pressure, advanced economies increased policy rates which triggered capital outflows and currency depreciations in developing countries, increasing balance-of-payment pressures. Major equity markets also saw a fall in price. These developments had spillover effects on emerging markets and developing economies (EMDEs). According to IMF, global economic growth slowed down to 3.40% in 2022 and is expected to fall further to 2.80% in 2023 before rising modestly to 3.00% in 2024. However, the major forces affecting the world economy in 2022 is somehow overlaid by new financial stability concerns in 2023.

Global inflation is expected to decrease slowly from 8.70% in 2022 to 7.00% in 2023. Again stress in financial markets is complicating the tasks of central banks which in turn is hampering the process of recovery. Many economies are likely to experience slower growth in 2023.

Bangladesh Economy

Bangladesh economy achieved impressive growth during FY 2022 i.e. 7.10% real GDP growth. Bangladesh's economy showed strong resilience against the COVID-19 shocks and rebounded sharply. The year 2022 was supposed to be a celebration of Bangladesh's economic progress with the opening of Padma Bridge and Dhaka metro rail. However, like other emerging markets and developing economies, macroeconomic stability of Bangladesh considerably deteriorated in 2022 largely due to global macro-financial uncertainty. The growth momentum of Bangladesh was affected by a number of factors such as high inflation, trade deficit, exchange rate volatility, rising energy cost, and mounting pressure on foreign exchange reserve. To maintain macroeconomic stability, the government decided to take precautionary measures and applied for USD 4.50 billion loan to IMF in 2022.

Bangladesh's foreign exchange reserves began to deplete, after reaching a historic peak of USD 48 billion in August 2021, as export and remittance fell short due to the rise of import cost after reopening of economies from COVID-19 restrictions. This brought down the figure to below USD 33.75 billion by the end of 2022. To restrain

CDP growth (y, o, y) in porceptage

foreign currency expenditure, BB and the government took several initiatives since April 2022 which resulted in the decrease of import by 2.02% (y-o-y) in H1 of FY 2023. On the other hand, total commodity export grew by 10.58% (y-o-y) during July-December in FY 2023.

Point-to-point CPI inflation started to decline by the end of December 2022 partly due to moderate global commodity prices. CPI based Headline inflation (point to point) came down to 8.71% at the end of 2022 after reaching a decade high 9.52% in August 2022 although it remained above the targeted level of 7.50% for FY 2023.

Workers' remittances increased during July-December FY 2023 by 2.48% (y-o-y) reaching to USD 10.49 billion. Various policy initiatives taken by BB and the government including 2.50% cash incentive, easing the rules on furnishing of documents and depreciation of exchange rate (BDT/USD) influenced this growth in inward remittances. BB has allowed Mobile financial Service (MFS) to bring more flexibility in repatriation of remittances, which is expected to have a positive impact on wage earners' remittance inflows.

The capital market exhibited a weak performance in H1 FY2023 reflected through the fall in price indices, turnover, market capitalization and price-earnings ratio mainly due to adverse impacts in the domestic and global economies. The DSEX index declined by 550 points or 8.14% at year-end 2022 compared to that of year-end 2021. BB and Bangladesh Securities and Exchange Commission (BSEC) took several steps to restore investors' confidence in the capital market.

The overall growth momentum of Bangladesh economy is expected to continue depending on prompt policy initiatives by BB and the government. Looking ahead,

Members of Board of Directors

inflationary pressure in Bangladesh is likely to soften as the inflation scenario of the major trading partner economies are improving. However, the economic outlook can still become unstable due to rising geopolitical tensions over Russia-Ukraine war and the subdued global financial conditions. Exchange rate pressure is expected to ease having favorable impact on imported commodity prices and the domestic inflation. Under the circumstances, Bangladesh government has decided to reduce GDP growth target to 6.5% for FY 2023 due to multifaceted controls and contractionary initiatives to stabilize the situation.

In 2023, IMF has approved USD 4.70 billion loan to Bangladesh under its different credit programs with certain time-bound conditions, including some key structural reforms.

Banking Industry in 2022

Banking Industry in Bangladesh comprises State Owned Commercial Banks (SOCBs), Specialized Banks (SDBs), Conventional Private Commercial Banks (PCBs), Islami Shariah based Private Commercial Banks (PCBs) and Foreign Commercial Banks (FCBs) having remarkable differences in service quality, profitability and financial soundness indicators (governance, asset quality, capital adequacy etc.).

Due to external shocks, banks in Bangladesh faced slower credit and deposit growth, challenges in import bill settlements, liquidity and exchange rate pressure in the last few months of 2022. The dent made in the repayment behavior of the borrowers during the period of COVID-19 havoc and the weakening governance issues in some banks have become a matter of

concern for the financial stability of the country. To overcome these challenges, BB took series of policy initiatives including allowing Bangladesh Taka (BDT) to depreciate to an extent of around 11.28%, raising the policy interest rate amid quantitative tightening through selling of a significant amount of dollars (around USD 7.80 billion) to banks, continuing the repo and liquidity support facilities for banks, extending refinance facilities to neutralize the tight liquidity condition, discouraging imports of luxury and non-essential commodities by enhancing the requirements of LC margins, instructing the banks to reduce their operating expenses, reducing the export retention quota (ERQ) and banks' net open position (NOP), enhancing the facilities to improve the export receipts and inward remittances, and engaging with concerned commercial banks to deal with NPL and good governance issues.

The ratio of gross NPL to total loans stood at 8.16% at the end of 2022 compared to 7.93% at year-end 2021. This huge pileup of bad loans may choke the credit supply of the economy with due repercussions on the resilience of the private sector. Banking sector loans experienced a moderate growth of 14.1% (y-o-y) at the end of 2022 whereas deposit growth was only 5.6% (y-o-y) reflecting weaker savings due to high inflationary pressure. Consequently, the overall advance-deposit ratio (ADR) rose to 79.00% at year-end 2022 from 73.15% at year-end 2021.

After a healthy growth momentum during the postpandemic rebound stage, private sector credit growth registered a moderate growth of 12.89% (y-o-y) at year-end 2022, lower than the growth target of 13.6%. Major factors attributable to this growth deceleration were tight liquidity conditions in the banking system, decelerated import growth amid sharp depreciation of BDT and several import limiting measures amidst

A partial view of 23rd Annual General Meeting of ONE Bank Limited

looming global economic crisis. The spread between the weighted average interest rate on loans and deposits of banking industry was 2.99% at the yearend 2022. To ensure adequate liquidity in the banking system, BB took several supportive measures for both conventional and Islami banks. The weighted average call money rate in the inter-bank money market increased to 5.80% in December 2022 from 4.88% in June 2022 indicating higher demand for liquidity in the money market.

The overall solvency, reflected mainly through Capital to Risk Weighted Assets Ratio (CRAR), in the banking sector had been above the minimum regulatory requirement of 10% at the end of 2022, providing adequate capital buffers to absorb uncertainties and risks. The overall CRAR modestly increased to 11.83% at the end of 2022 from 11.01% at the end of September 2022. The banking sector as a whole maintained the required level of Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR) and other liquidity ratios i.e. Liquidity Coverage ratio (LCR), Net Stable Funding Ratio (NSFR) as on 31 December 2022.

During the year 2022, Bangladesh Bank took, among other things the following important initiatives:

- Refinance Facility under 'Supporting Post COVID-19 Small Scale Employment Creation Project' to support cottage, micro and small enterprises (CMSEs).
- Refinance scheme of BDT 5,000 crore for agriculture sector to ensure food security of the country.
- Instruction to decrease the consumption of electricity and fuel and curtail certain operating expenses by 50%.

<section-header><section-header>

An OBL financed Dredger Machine

- Instruction to avoid high expense for luxurious vehicles, decoration and other matters for decreasing operating expense.
- 5. Policy on Green Bond Financing for banks and FIs.
- Relaxation of term loan classification criteria: minimum 50% of the installments payable against the loan from October 2022 to December 2022 repaid by last working day of December 2022.
- 7. Master Circular on loan rescheduling and restructuring.
- 8. Guideline regarding classification of other assets and maintenance of provision.
- 9. A detail guideline regarding single borrower and large loan exposure limit.
- 10. Instruction to consider cost price as market value while considering exposure limit of banks in capital market.
- 11. Time extension up to 31 December 2023 to bring down excess investment in Capital Market made by banks.

Corporate Financing

OBL offers a wide range of financial services to its corporate clients through extensive Branch Network all over the country, 2 OBUs and specialized dedicated Units at Corporate Headquarters. Our experienced officials have competent managerial skill and in-depth professional knowledge of corporate and institutional business environment. Our corporate structure involves both branches and Corporate Headquarters to find the optimum combination to enforce maximum monitoring and engagement with the client.

To expedite our client's business growth, we provide comprehensive solutions including wide range of products and services backed by modern technologies. Products and services for corporate clients are Working Capital Finance, Project Finance, Trade Finance, Lease Finance, Syndication Finance, Mezzanine Finance, Offshore Finance, Foreign Currency Finance, etc.

Lease Financing

OBL extends customized Lease Finance Facility to Corporates and SMEs in the manufacturing and service sectors. The Bank offers asset backed financing against industrial machinery, commercial equipment, office equipment, generator, vehicle, sea or river going vessel, construction equipment, agricultural equipment etc.

Syndication Financing

Syndication allows any of the lenders to provide large loans, while maintaining prudent and manageable risk exposure. Syndicated finance diversifies the risk of a bank on a single borrower and increase the quality of the loan through collective judgment and monitoring of multiple banks/financial institutions.

ONE Bank has successful track record for acting as

ONE Bank Limited signed an Agreement with Bangladesh Bank regarding Cottage, Micro, Small and Medium (CMSME) sectors financing under revolving refinance scheme of Tk.25,000.00 Crore

both lead bank and partner bank in syndication loan for long-term, large scale projects. To raise and meet large credit needs of leading corporate houses, OBL has been raising fund from the banking sector on behalf of the customers through syndication arrangement.

In addition, ONE Bank is also engaged in raising fund through alternative mode of financing like issuance of bonds, preferred shares etc.

Project Financing

The industrial sector in Bangladesh has historically proven that it has driven growth substantially as our country is moving from lower-middle to upper-middle income status. Industrial growth can provide high-wage employment for large numbers of workers and can raise social productivity by producing highly valuable goods on mass scale.

To boost the industrial sector, ONE Bank provides Project Finance/Industrial Credit as the long-term financing of infrastructure and industrial projects based upon the projected cash flows of the project. Currently we are engaged in a number of project finance both through syndication and bilateral financing.

SME Banking

Cottage, Micro, Small and Medium Enterprises have become one universally agreed motif of the development and has been playing significant role in the economy in terms of balanced and sustainable growth, employment generation, development of entrepreneurial skills and contribution to GDP. Bangladesh economy is characterized by low per capita income, high level of unemployment, mass poverty and social deprivation. In these circumstances, higher growth of CMSMEs can reduce poverty to a satisfactory level by creating jobs for both skilled and un-skilled manpower. ONE Bank Ltd. strongly believes that the CMSME sector is one of the main driving forces of economic growth and it is a market with huge potentiality and always keeps it as a priority to grow in the CMSME sector with proper support and service.

ONE Bank Ltd. is rapidly progressing in SME financing in line with the changes in the global environment, local arena and regulatory requirement. In order to increase focus on SME financing, ONE Bank Ltd. has identified 40 branches out of its 111 branches as SME Branch. Other branches are also extending SME financing along with all other products of the Bank.

To ensure priority services to CMSME clients, the Bank has established dedicated "SME Help Desk" at every branch of the Bank and contact details of dedicated dealing officers has been published in the Bank's website for the convenience of the SME entrepreneurs. With a view to extend expert customer service to the entrepreneurs, The Bank has been arranging countrywide training session for the dealing officers about the SME products and marketing strategy.

In the year 2022, ONE Bank Ltd has disbursed total CMSME Loan of BDT 16927.30 million among 2,626 no. of CMSME borrowers as a part of its commitment to develop the CMSME Sector.

As a part of continuous support to CMSME Sector, The Bank has already published Cluster Financing Policy and identified & financed different business clusters like

ONE Bank Limited signed an Agreement with SME Foundation to finance Small and Medium Enterprises (SMEs) under Revolving Credit Fund for BDT 400 Crore

light engineering in Bogura, power loom in Madhabdi, stone crushing in Sylhet, and fish processing in Cox's Bazar.

To facilitate the SME clients with minimum financial expense by providing lower interest rate, ONE Bank Ltd. has already signed agreements with Bangladesh Bank for getting refinance from ADB Fund, JICA Fund, JICA UBSP Project, BB Agro Fund, BB fund for small enterprises, women entrepreneur & new entrepreneur, BB fund for Tk.10 Account holders, AIIB fund, Government Stimulus Package of BDT 20,000.00 Crore & Refinance Scheme of BDT 25,000.00 cr.

In 2022, The Bank received total refinance of BDT 1996.85 million from BB, against financing to CMSME clients, both male and female.

The Bank has already signed agreement with Bangladesh Bank to finance Cottage, Micro & Small Entrepreneurs under the coverage of Credit Guarantee Scheme (CGS). Under this scheme, SME clients will get opportunity to enjoy collateral free finance or to get finance with partial collateral coverage. In 2022, OBL financed total BDT 13.90 million under the coverage of CGS among 08 no of entrepreneurs.

Besides Bangladesh Bank, ONE Bank Limited has also signed agreement with SME Foundation to facilitate CMSME clients with privileged interest rate. In 2022, the Bank has disbursed BDT19.45 million to the CMSME Borrowers at privileged rate under the refinance of SME Foundation.

To facilitate the COVID-19 affected CMSME Borrowers, ONE Bank Limited has established "Covid-19 Help Desk" at every branch of the Bank. In the year 2022, the Bank has disbursed stimulus facility of BDT 974.30 million among 91 No. of COVID-19 affected CMSMEs under the Government Stimulus Package of BDT 20,000.00 crore. The Bank has already provided interest subsidy of BDT 57.54 million to its CMSME borrowers under the mentioned package during the year.

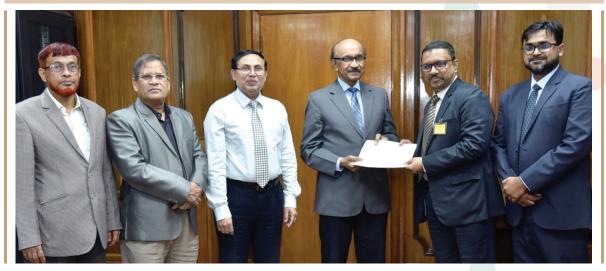

In addition to above, OBL has also financed an amount of BDT 23.00 million among CMSME borrowers under the newly declared refinance scheme of BDT 25,000.00 cr, at privileged rate of interest to support the SME sector in post covid situation.

The Bank has introduced 02 (two) collateral free products namely "OBL Shubidha" and "OBL Romoni" dedicated to the potential Cottage, Micro & Small Enterprises along with women Entrepreneurs. OBL also introduced different product named "OBL Unnoyon", "OBL Trinomul", "PPG for SLC", "OBL Earnest Money/ Bid Bond", "OBL Imarot" and "OBL Notun Uddyog" with easy terms and conditions for CMSME Clients to ensure quick and hassle free financing.

Financing women entrepreneurs under SME

Empowering women through SME financing is another notable idea in the development of women entrepreneurs. In the new framework of CMSME, One Bank Ltd has been giving top priority in developing and harnessing women entrepreneurs.

To extend the facility from metropolitan to root level, The Bank has already established a separate unit named "Women Entrepreneurs Development Unit" at Corporate Headquarter under which each branch of the Bank has a "Dedicated Woman Entrepreneur Help

ONE Bank Limited received a letter of Appreciation from Bangladesh Bank for successful disbursement of Agriculture Loan

Desk" which works to provide quickest service to the Women Entrepreneurs to ensure their easy access to bank finance.

During the year 2022, the Bank has financed BDT 1099.60 million to 132 No of Women Entrepreneurs and continuing same trend within the guidelines of Bangladesh Bank.

ONE Bank Ltd has designed a separate product named "OBL Romoni" only for Women Entrepreneurs at a privileged rate and without any collateral security.

The Bank has also taken initiative to disburse facility to SME Women Entrepreneurs under the refinance program of Joyeeta Foundation which will help them to get the access to bank finance at minimum interest rate & easy terms and conditions. In 2022, Bank disbursed total amount of BDT 5.00 million among the women entrepreneurs at minimum interest rate under this program.

Moreover, for improvement of entrepreneurship skill among the women, ONE Bank Ltd. arranges different workshop/ training in every year to listen to their difficulties, barriers & requirements and to suggest them regarding the way out.

The Bank considers the Women Entrepreneurs as most priority sector and working to improve this sector with utmost importance and care.

Agriculture Financing

Agriculture is one of the largest employment sector Bangladesh. More than 40% of total labor force is

directly related with this sector and comprises 11.50% of the country's GDP in 2021-22. This sector has an overwhelming impact on employment generation, poverty alleviation, human resources development and food security. Agriculture and rural development are the keys to strengthening livelihoods of the most vulnerable, including hundreds of millions of smallscale family farmers who are responsible for ensuring the food security of our country. Agriculture and Rural Credit therefore play a pivotal role in modernization and commercialization of rural economy.

With the rising population and current excessive demand on foods, optimum utilization of the available limited resources is now a day becoming compulsory to ensure food security for all. The subsistence farming system is being converted to a commercial farming system. Serious concern and constant threat to our agriculture and its productivity are extreme weather events, such as, global warming, irregular rainfall, draught, salinity, infestation of pests, diseases of livestock etc. To reap maximum yield, farmers are adopting modern technologies along with integrated farm management techniques. Easy availability of necessary working capital required for crops, livestock, fishery, poultry, and other agricultural activities are the demand of the day of the Farmers.

Bangladesh Bank has made agriculture and rural lending mandatory for all commercial banks which has expanded the scope of inclusive banking and availability of fund for the farmers. To widen and ease the scope further, banks are also allowed to use both their own branches and Micro Financing Institutes (MFIs) linkage for disbursement of Agriculture & Rural Credit. From the inception of this initiative by Bangladesh Bank, OBL has been continuing its proactive strategy and program

support to boost up agriculture and rural financing in line with Government policy as well as Bangladesh Bank guidelines. To strengthen its activities in this arena, ONE Bank has a Separate Agriculture Finance Unit at Corporate Head Quarter and has also assigned officials in CHQ and each branch to accelerate Agriculture and Rural Financing.

As a part of this program, in 2022, OBL disbursed Agricultural and Rural Credit of Tk. 6,515.40 million among 107,552 borrowers though own branches and MFI Linkage. Since the very beginning OBL has been very proactive regarding achievement of the Target set for Agriculture & Rural credit disbursement target and also ensuring significant contribution in specialized schemes successfully. OBL is well focused to continue its efforts to strengthen its participation in Agricultural and Rural Credit to ensure food security, improvement of living standards, socio economic condition and generation of employment opportunity, leading towards overall growth of the economy.

Centralized Loan Administration

OBL Centralized Loan Administration Department is basically designed to conduct post approval formalities of loans and advances to support and control documentation risk with a view to maximizing utilization of credit protecting the Bank's interest. It mainly deals with issuance of Sanction Advice, preparation and execution of charge documents going hand in hand with the RMs, Branches and CHQ, scrutiny of all security documents for document perfection, act as the custodian of the security documents of the branches under it, Monitoring insurance Policies & deferrals, archiving of the security documents of the clients leading to digitization and easy access to documents and thus simplifying document monitoring to attain the goal of arresting loan documentation risks. As the Bank is growing in terms of number and size of loans, diverse products and clients, complex process and procedures for compliance requirements by the regulator, the role of Loan Administration Department is vital & challenging.

Foreign Exchange & Foreign Trade

A dedicated team of expert Trade Finance professionals in Branches, Central Trade Processing Centers and Head Quarter are striving to meet clients' ever changing needs in Foreign Trade service. Satisfactory performance in

Trade Finance has contributed significantly in earning substantial amount of fee-based income.

Total import business handled during the year 2022 was Tk. 123,559 million as compared to Tk. 137,954 million in 2021. The main import items included Industrial Raw Materials, Capital Machinery and Spare Parts, Raw Cotton, Fabrics, Yarn and Accessories, HSFO, Electronic Items, Food Commodity etc.

Total export business handled by the Bank in 2022 was Tk. 107,669 million against Tk. 97,273 million in 2021, recording a growth of 10.69 %.

OBL Treasury

Despite all the challenges, OBL Treasury played a critical role in shaping bank's strategy in deleveraging balance sheet, maximizing capital efficiency and improving risk-return ratios for the year 2022 and also for the foreseeable future.

OBL Treasury has the following designated desks to ensure optimum treasury solutions both for the bank and also for the customers:

- Money Market
- Foreign Exchange
- Asset Liability Management
- Fixed Income

Money Market

Money market dealers arrange short and medium term funds at most economical terms which are required by the bank aside from customer deposit mobilization efforts. Money market desk ensures that the bank remains sufficiently liquid, meeting all its financial commitments and obligations to its customers besides meeting the SLR & CRR requirement at minimum risk and cost to the bank. In stress liquidity condition the desk always manages sufficient fund to provide business needs. Main services of the money market desk are lending excess fund or borrowing to cover the shortage fund through Call Money, Term Money, Repo, Reverse Repo etc.

Foreign Exchange

OBL Foreign Exchange Desk is one of the most vibrant and dynamic desks with range of products offering like spot, forward, swap and term placement in world's major currencies in the interbank market. The FX desk of OBL is the fund manager of foreign currency assets and liabilities of the bank. Throughout the year the desk efficiently maintained the Net Open Position (NOP) in a manner that ensured maximum liquidity, minimum risk and capital requirement along with registering optimum exchange gain of the bank. Treasury provided appropriate fund support to OBU and utilize the surplus FC fund in interbank foreign exchange market.

Asset Liability Management

Market Risk (interest rate, exchange rate and market liquidity) may expose the bank to risks and may threaten the survival of the bank as well if not managed effectively & efficently. The ALM function comprises management of liquidity, maturity profiles of assets and liabilities, interest rate risks and forex risk. ALM desk officials prepare ALCO paper incorporating local and international economic update, market liquidity forecasts, interest rate projections, balance sheet analysis and recommend measures to be taken to optimize balance sheet whether to reduce or increase deposit and lending rates.

ALM desk guides Asset Liability Committee of the bank in changing lending and deposit rates with proper analytics and better forecasts. A new ALM policy was formulated by ALM desk keeping BASEL III liquidity ratios (LCR, NSFR & LEVERAGE RATIO) in mind and central bank's ALM guidelines into active consideration. Change in deposit mix reducing dependency on term deposit reduced substantial costs for the bank.

Fixed Income

OBL Treasury Fixed Income desk is an active player and participant in the fixed income and interbank repo/ reverse repo markets with a short-term and longterm horizon, particularly specializing in fixed income securities issued by Bangladesh Bank and Bangladesh Government.

OBL Fixed Income desk assists its individual and institutional clients in investing in fixed income securities that fit their long term goals in terms of yield, liquidity, and rating with the ultimate aim of building a well-diversified portfolio that can better sustain market volatility, thereby enhancing its overall performance.

Information Technology and Banking Sector

Information Technology (IT) is considered a thrust sector in Bangladesh and Bangladesh Government has taken many programs to materialize "Digital Bangladesh". In line with these programs, Government has also taken many revolutionary initiatives in recent years to make Digital Bangladesh - a reality. The Banking Sector in Bangladesh is among the earliest adopters of Information Technology, and is at the forefront of implementing "Digital Bangladesh". Information Technology (IT) is considered as the core part of the banking system in today's world and is now considered the core business capability and the backbone of the banking industry in Bangladesh. Adopting technological innovations in banking not only made banking transactions more efficient and faster but also enabled the banking industry to open various

channels to provide banking services to customers and take banks to the doorstep of unbanked customers as well. Information Technology (IT) is also changing the supervisory and regulatory landscape of the banking industry. Regulators are introducing IT-driven tools for more effective supervision while new supervisory challenges are arising each day with the advent of new technology and innovation in banking. So, the use of information technology in banking is increasing rapidly. On the other hand, competition among Banks is growing as such Banks are concentrating more to innovate products and services through the use of cutting-edge technology to maintain their competitive edge and to run the growth engine by offering new innovative products creating an additional value proposition for customers. So, Information Technology (IT) is now regarded as a vital driving force for the business of a Bank through digital transformation and process automation with extensive use of 4th Industrial Revolution (4IR) like Artificial Intelligence (AI), Machine Learning (ML), Internet of Things (IoT), Cloud Computing, Cognitive Computing, and Robotic Process Automation (RPA) Tools.

Information Technology and ONE Bank

ONE Bank Limited is one of the early adopters of ITenabled Banking in Bangladesh and providing banking services by using IT systems from the very beginning of its commencement of operations. During the last 23 years of its journey, the Bank has taken several steps to improve its services giving emphasis on Information Technology. Agent Banking

ONE Bank Limited is a private sector, a third-generation commercial bank in Bangladesh that was incorporated in May 1999. The bank's vision is to establish itself as a role model in the banking sector and to meet the needs of its customers. In November 05, 2019, ONE Bank launched its Agent Banking service, which has been maintaining compliance with the regulations set by the Bangladesh Bank. The first outlet of the bank began operation on November 5, 2019, located at Nabarun Bazar in Jashore. As on the end of 2022, ONE Bank had a total of 189 agent outlets.

Features of OBL Agent Banking:

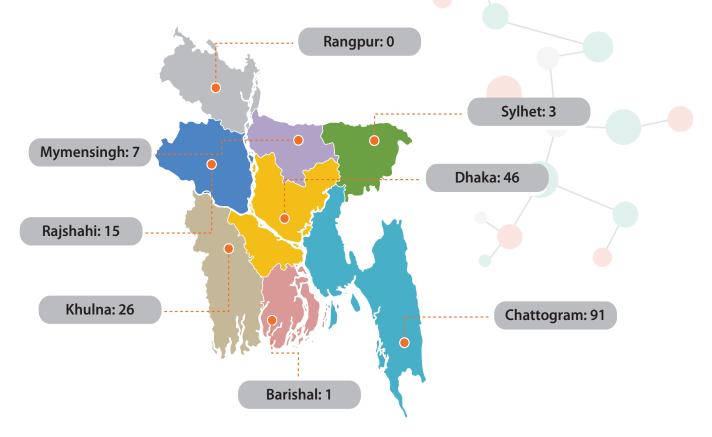

Branch Tagging Module: ONE Bank Limited (OBL) has implemented a system for its Agent Banking outlets where each outlet is linked or "tagged" with the nearest OBL branch. This means that all transactions and activities that take place at the Agent Banking outlets, such as the number of accounts opened, deposits made, and fund transfers conducted, are reflected in the General Ledgers (GLs) of the respective tagged branch.

24/7 and 365 Days Service: OBL Agent Banking outlets offer a significant advantage to customers by providing 24/7 and 365 days service. This means that customers have access to banking services at any time, including weekends and holidays.

1. Introduction

Risk means uncertainty about expected earnings or deviations from expected results. It is an inherent part of any business operation. Banking is a business of calculated risk taking. There is always a possibility of risk. It may arise from internal flaws or from external factors affecting adverse result in the said business or impairing the image of the institution.

Effective risk management is fundamental to the success of the a Bank. Risk Management is the logical and systematic method of identifying, analyzing, treating and monitoring the risks involved in any activity or process. Risk management primarily consists of understanding material risks and handling those risks in a way best-suited to achieve organizational objectives. Effective risk management ensures many benefits like reduction of frequency and severity of losses, safe and sound banking practices and better returns to stakeholders. In banking industry, risk factors are generally exposed to its lending business, trade-service business and other operational activities. Banks need to meet forthcoming regulatory requirements for risk measurement and mitigation thereof by arrangement of capital and provisions. However, to meet the regulatory requirements is not enough. A sound and scientific risk management system should be there for regular monitoring, performance evaluation and corrective measures. Managing and mitigating such risks are always a prioritized concern of ONE Bank Ltd.

3. Risk Management Approach

It is important not only fulfilling the regulatory requirements but also improve financial and operational performance of the banks. Strong and integrated risk management is essential for the long-term sustainability of the bank's business. The comprehensive risk management policies and sophisticated risk management processes are required for systematic identification, measurement, monitoring and controlling of all business risks. Bank's overall financial soundness can be measured only by adopting a strong risk management process by communicating concise risk management standards to all concerned officials through adequate policies, directives, operating procedures and training programs.

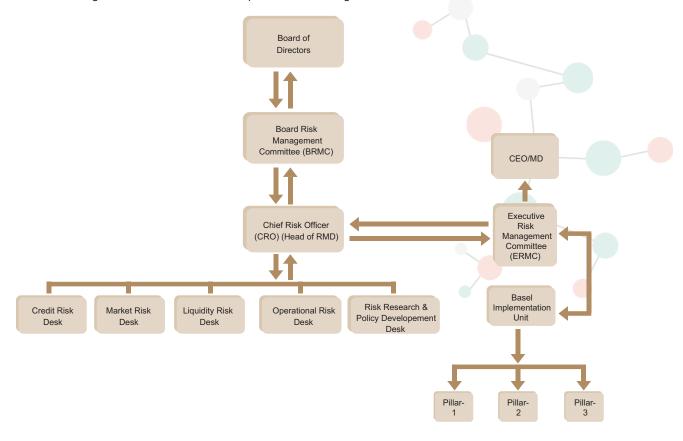

4. Risk Management Framework of ONE Bank Ltd.

Effective risk management is the cornerstone of OBL's strategic priorities. This is articulated in the Bank's risk appetite which is prepared by the Risk Management Department (RMD) in line with regulatory requirements and evolving business needs.

RMD is organized under the Chief Risk Officer (CRO) who is independent from the Bank's operations. CRO has been authorized by the Board of Directors (BoD) to implement a Risk Management Framework across the Bank. Risk Management Framework covering the major risks and uncertainties faced by the Bank and how these are managed is elaborated in Risk Management Guideline, including adoption and convergence towards regulatory and Basel guideline.

5. Risk Management Structure

The risk management structure of OBL comprises the following:

Management Action Trigger (MAT)

MAT defines loss control limits (also referred to as "management action triggers") that require a specific management action if a defined level of loss is approached or breached. Management Action trigger is prepared annually in accordance with the requirement of Bangladesh Bank. MAT has some trigger points to possible deteriorating scenario that require management attention.

Credit Risk Management

Credit is considered as one of the core functional areas of banking and the risksinvolved with credit requires intense care to handle with. Credit Risk is the risk of loss resulting from the failure of payment or other contractual obligations against debtby the Bank's borrowers and other counterparties. The assessment of credit risk, therefore, involves evaluating both the probability of default by the borrower and the exposure or financial impact on the bank in the event of default.

Starting from its journey since 1999, ONE Bank Ltd is focused to maintain a growing, diversified and quality credit portfolio based on its risk taking appetite and risk managing capacity. At OBL,Credit risk is managed here through well defined CRM Policy Guidelines with set out policies and procedures covering both measurement and management of the risks.The policy is developed in line with the Bangladesh Bank CRM Policy Guidelines and reviewed periodically to cope with the pace of changes in the industry.

OBL has developed its credit strategy on the basis of the bank's target market, the cyclical aspect of the country's economy and the resulting shifts in composition and quality of the overall credit portfolio. OBL pays meticulous attention to the following credit concentration risk areas:

- Industry Sector wise concentration
- · Business Segment wise concentration
- Geographic Concentration
- Single Name (Borrower/Group) concentration
- Top borrower wise exposure (Top 10-50 borrowers will be counted)

With the quest to practice sound credit risk management, OBLhas a standardized, fast and streamlined credit approval process.CRM unit heads and officials undertake through appraisal of the credit proposals, do their due diligences, analyze the risks associated and find out the ways of mitigation in line with the Bank's CRM Policy Guidelines, Core Risk Management Guidelines & Circulars of Bangladesh Bank, Credit Risk Grading and best practices in the banking industry. Environmental& Social Risk Rating is also adopted in the approval process for our commitment to green banking according to Bangladesh Bank's guideline. In determining Single Borrower Exposure/Large Loan Limit, the instructions of Bangladesh Bank are strictly followed.

The entire credit approval process ensures accountability for decisions taken. Credit proposals, after appraisal by independent risk analyst, are routed through a dynamicCredit Risk Management Committee, which is headed by the Deputy Managing Director (Operation) and consists of nineother divisional/unit heads. The Committee recommends, if acceptable, to the Executive Committee and/or the Board of Directors

Agent Banking Annual Conference to minimize gap among different parties and getting everyone together

and/or the Managing Director for approval of credit proposals following the pre approved delegation of lending authority.

Different units of the CRM Division namely:Credit Approval Processing Unit, Project Appraisal and Management Unit, Credit Monitoring and Recovery Units are in place and work together to ensuresound credit approval and quality asset monitoring & management. A separate Credit Administration Unit also exists for proper loan and security documentation.

Specific delegation for credit approval has been assigned to the individual executives and the Managing Director at management level.Credit limits beyond their delegation are approved / declined by the Executive Committee and/or the Board of Directors. All large loans and loan with high environmental/social risk is approved by the board. All credit facilities, except facilities against OBL deposit are approved through CRM division and reviewed at least once in a year.

OBL always gives due importance on sound and transparent business without compromising quality of its assets. The goal of Credit Risk Management at ONE Bank Ltd is to maximize the Bank's risk adjusted return by maintaining credit risk exposure within acceptable parameters. More disclosure on credit risk and its management is available in the section named, "Disclosures on Risk based Capital (BASEL III)" of this report.

Market Risk Management

Market risk is the risk of potential losses in the onbalance sheet and off-balance sheet positions of a bank, stemming from adverse movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and / or commodity prices. Market risk can be subdivided into following three categories:

- Interest Rate Risk
- Foreign Exchange Risk
- Equity Price risk

Interest Rate Risk

Interest rate risk is the potential impact on a Bank's earnings and net asset values due to changes in market interest rates. Interest rate risk arises when a Bank's principal and interest cash flows (including final maturities), both on and off-balance sheet, have mismatched re-pricing dates. The amount at risk is a function of the magnitude and direction of interest rate changes and the size and maturity structure of the mismatch position. Bank's lending, funding, and investment activities give rise to interest rate risk. There are many types of interest rate risk which faced by the bank. These are as follows:

- Re-Pricing risk
- Yield curve risk
- Basis risk

To manage the interest rate risk OBL ALCO regularly monitors money market condition as well as the bank's interest rate on both deposit and lending. However, the bank has been identifying both the interest rate

sensitive assets and liabilities and classified them into different time bucket to find the assets/liability mismatch. The Duration Gap analysis is also being done on quarterly basis. The Duration Gap indicates how the market value of equity (MVE) of the bank will change with a certain change in interest rate. In the year 2022 the duration Gap found positive in OBL which indicates that the assets are relatively more interest rate sensitive than liabilities.

Foreign Exchange Risk

Foreign exchange risk is the current or prospective risks to earnings and capital arising out of adverse movements in currency exchange rates. The foreign exchange risk arises from the following activities:

- Trading in foreign currencies through spot, forward and option transactions as a market maker or position taker, including the unheeded positions arising from customer-driven foreign exchange transactions;
- Holding foreign currency positions in the banking book (e.g. in the form of loans, bonds, deposits or cross-border investments); or
- iii. Engaging in derivative transactions that are denominated in foreign currency for trading or hedging purposes.
- iv. Banks also face the risk of default of the counter parties or settlement risk. Thus, banks may incur replacement cost, which depends upon the currency rate movements.

OBL uses different tools to mitigate foreign exchange risks. The bank has a strong Treasury Back office and Mid office which are totally separate and strongly

An OBL financed Hotel & Resort

monitor the operations of Treasury Front Office. The unit checks the dealing limits, counter party limits, settlement risk and handle other compliance issues as per regulatory requirement.

Equity Price Risk

Equity price risk is the risk of losses caused by changes in equity prices. These losses could arise because of changes in the value of listed shares held directly by the bank; changes in the value of listed shares held by a bank's subsidiary; changes in the value of listed shares used as collateral for loans from a bank or a subsidiary, whether or not the loan was made for the purpose of buying the shares; and changes in the value of unlisted shares. Equity price risk associated with equities could be systematic or unsystematic. The former refers to sensitivity of portfolio's value to changes in overall level of equity prices, while the latter is associated with price volatility that is determined by firm specific characteristics.

We manage the risk by keeping its exposure within the regulatory limits. Effective information systems are also developed and used to appropriately record, regularly monitor and evaluate the securities portfolio.

Liquidity Risk Management

Liquidity risk arises when the cushion provided by the liquid assets are not sufficient enough to meet maturing obligations. Accordingly, a bank short of liquidity may have to undertake transactions at heavy cost resulting in a loss of earnings or, in a worst case scenario, the liquidity risk could result in liquidation of the bank, if it is unable to undertake transactions even at current market prices.

An OBL financed Garments Factory

Banks with large off-balance sheet exposures or those rely heavily on large corporate deposits have relatively high level of liquidity risk. Further, banks experiencing a rapid growth in assets should have major concerns for liquidity.

Liquidity risk is often triggered by the consequences of other financial risks such as credit risk, interest rate risk, foreign exchange risk, etc. For instance, a large loan default or changes in interest rate can adversely impact a bank's liquidity position.

In order to liquidity measurement and management, Bangladesh Bank has declared new liquidity ratios for banks in line with Basel III in Bangladesh are described below:

Liquidity Coverage Ratio (LCR):

LCR or Liquidity Coverage Ratio is a new liquidity standard introduced by the Basel Committee. This standard is built on the methodologies of traditional liquidity coverage ratio used by banks to assess exposure to contingent liquidity events. LCR aims to ensure that a bank maintains an adequate level of unencumbered, high-quality liquid assets that can be converted into cash to meet its liquidity needs for 30 calendar days. LCR goes beyond measuring the need for liquid assets over the next 30 days in a normal environment. It measures the need for liquid assets in a stressed environment, in which deposits and other sources of funds (both unsecured and secured) run off, to various extents, and unused credit facilities are also drawn down in various magnitudes. The minimum acceptable value of this ratio is 100 percent.

Net Stable Funding Ratio (NSFR):

NSFR or Net Stable Funding Ratio is another new standard introduced by the Basel Committee. The NSFR aims to limit over-reliance on short-term wholesale funding during times of abundant market liquidity and encourage better assessment of liquidity risk across all on- and off-balance sheet items. The minimum acceptable value of this ratio is 100 percent, indicating that available stable funding (ASF) should be at least equal to required stable funding (RSF). ASF consists of various kinds of liabilities and capital with percentage weights attached given their perceived stability. RSF consists of assets and off-balance sheet items, also with percentage weights attached given the degree to which they are illiquid or "long-term" and therefore requires stable funding. The time horizon of the NSFR is one year. The minimum acceptable value of this ratio is more than 100 percent, indicating that available stable funding (ASF) should be at least equal to required stable funding (RSF).

Leverage Ratio:

Basel III introduces a simple, transparent, non risk based Leverage Ratio to constrain excessive on and off-balance sheet leverage in the banking sector and supplement risk based capital requirements as a safeguard against model risk. The leverage ratio is calculated by dividing tier 1 capital with total exposure.

Leverage ratio requires that the bank's high quality capital (Tier 1 capital) will be 3 percent of its total exposure. Exposure include on and off-balance sheet items.

ALCO meets at least once in every month to manage and control the liquidity risks. ALM desk of the treasury closely monitors and controls the liquidity requirement on a daily basis by appropriate co-ordination of funding activities. Treasury determines the adequacy of the liquidity position by doing analysis based on the following factors:

- i. Historical funding requirement
- ii. Current liquidity position
- iii. Anticipated loan disbursement
- iv. Anticipated future funding needs
- v. Present and future earnings capacity
- vi. Present and anticipated asset quality
- viii. Socio economic perspective of present and near future
- ix. Regulatory guidelines
- x. Capital planning
- xi. GAP analysis
- xii. Stress Testing with minor and major shock showing absorbing capacity.

vii. Sources of funds,

Regulatory frame work of the bank's liquidity management has been formulated in compliance with BB core risk management guidelines and these include among others maintenance of SLR which in 13% and CRR 4.00% of total demand and time liabilities except bank at present. Bank maintains adequate SLR, CRR, LCR, NSFR & Leverage Ratio on regular basis throughout the year. ALCO has been monitoring liquidity risk regularly.

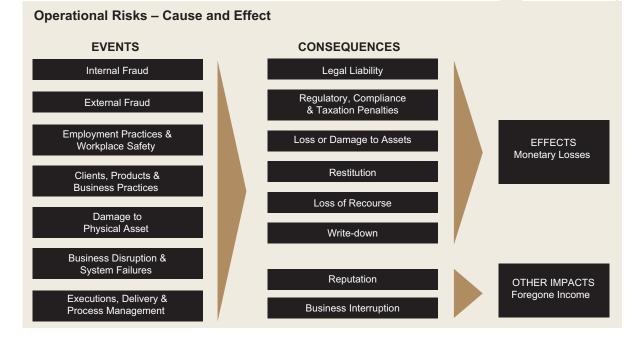

Investments

Investment activities by the Bank included meeting the SLR requirements and were mostly in the form of Government Treasury Bills with varying dates of maturity.

The Bank had a total investment of Tk. 29,007.11 million in Government Treasury Bills, Treasury Bonds, Bangladesh Bank Bill and Prize Bond. In addition, the Bank made investment in shares and Subordinated Bond of different legal entities.

Operational Risk Management

Operational risk is defined as the risk of unexpected losses resulting from inadequate or failed internal processes, people and systems or from unforeseeable external events. The events and consequences in operational risks are:

A partial view of a training program on "Prevention of Money Laundering & Combating Financing of Terrorism"

Bank is managing these risks through written procedures, regular training and awareness programs. Quarterly Operations Report, Relevant Checklist etc. are in place covering all probable risks associated with bank's business and operations. Bank also has its business continuity plan such as Disaster Recovery (DR) plan to minimize associated risk. Surprise inspections are also made on a regular basis to make sure that all control tools are functioning properly.

Prevention of Money Laundering and Combating Financing of Terrorism

ONE Bank Limited as a reporting organization is subject to the AML & CFT laws. Considering Money Laundering (ML) and Terrorist Financing (TF) as one of the major threats to the stability and the integrity of financial system, and in response to national and international initiatives, ONE Bank Limited maintains its firm commitment not to let the unscrupulous people use the Bank to launder their ill-gotten money or conduct their illegal activities.

In line with the requirement of the laws and regulatory instructions, the Bank accomplishes and maintains an effective AML & CFT program to keep the Bank risk free from Money Laundering and Terrorist Financing. The Bank follows "Four Pillars" theory in applying the program. These are:

- A system of internal Policy Guidelines, Procedure and Controls (first line of defense);
- A designated compliance function with a compliance officer (second line of defense);

- An independent audit function to review and evaluate the overall effectiveness of the AML & CFT program (third line of defense);
- A regular employee training/awareness program.

ONE Bank Limited has a "Money Laundering and Terrorist Financing Risk Assessment Guidelines" and considering the overall risk management strategy of the Bank, it has developed its own "OBL Policy Guidelines on ML & TF Risk Management" which was lastly reviewed in 2020. The Bank also has a Policy Guidelines on Prevention of Trade Based Money Laundering (TBML). The Bank has taken initiatives to update all the Policy Guidelines to incorporate the recent changes of rules and regulations on AML & CFT.

The Bank has a Central Compliance Committee (CCC) headed by the Chief Anti Money Laundering Compliance Officer (CAMLCO) in the rank of Additional Deputy Managing Director, the Deputy Chief Anti Money Laundering Compliance Officer in the rank of Executive Vice President (EVP) and a dedicated Anti Money Laundering Division (AMLD) at Corporate Headquarters (CHQ). A Branch Anti Money Laundering Compliance Officer (BAMLCO) is assigned in every Branch of the Bank to handle AML & CFT activities. The BAMLCO is supported by the Branch Compliance Unit (BCU) comprising concerned officers related with the job.

The Bank has a Real Time Sanction Screening Process. The Suspicious Transaction/ Activity Reporting (STR/SAR) detection and reporting systems are in place. As a part of regulatory compliance on AML & CFT, the Bank conducts training on AML & CFT from time to time covering all the employees including Trade Based Money Laundering (TBML), Credit

Backed Money Laundering (CBML) etc. The Bank has a Customer Acceptance Policy in place and has "Know Your Customer (KYC)" program since its inception and applies Customer Due Diligence (CDD) and Enhanced Due Diligence (EDD). The Bank is in the process to implement a Reg-Tech Software for stronger AML monitoring process and better compliance.

ONE Bank Limited though focused on incremental growth on one hand, on the other, it has remained to be a compliant financial institution; and the Bank intends to continue as a growth driven compliant institution.

Basel-III

Under the guideline of BASEL-III Implementation plan issued by Bangladesh Bank vide BRPD Circular no. 18, Dated December 21, 2014, all scheduled Banks are required to maintain adequate capital to cover all types of risks. BASEL-III Accord requires that banks should maintain adequate capital to cover Credit Risk, Market Risk and Operational Risk. Besides Capital Adequacy, BASEL-III also requires banks to enhance their Supervisory Review Process as well as Market Discipline through Disclosures to Public and Regulatory bodies in more details.

Bangladesh Bank has introduced Road Map for adopting BASEL-III framework through phase-in arrangement which was circulated to all commercial banks in Bangladesh with a target to ensure full implementation by the year 2019.

In line with Bangladesh Bank directives, ONE Bank Ltd. has already entered in the domain of BASEL-III. Accordingly, OBL successfully managed to maintain all the requirements of phase wise BASEL- III implementation. In this respect, the OBL BASEL-III Committee has been formed comprising all the major Divisional Heads of the Bank as well as related operational department heads chaired by the Managing Director. In addition, BASEL-III working Team has also been formed for implementation of the different segments of the Accord.

In order to strengthen the Supervisory Review process, a separate Risk Management Division has been formed. The existing Compliance Department of the Bank has also been further strengthened. Furthermore, a separate MIS (Management Information Systems) department has also been formed to ensure timely and accurate flow of information to the Risk Management Division as well as Senior Management.

As per Basel-III norms, Capital Adequacy i.e. Buffer Capital is a must for banks to protect the unexpected losses against the risk profile and future business growth of the bank. As per new guidelines, Capital Conservation Buffer @ 2.50% (gradually @ 0.625% every year up to 2019) in the form of tier-1 capital is to be maintained to absorb more shocks in addition to 10% earlier requirement under BASEL-II. OBL maintained capital @ 11.77% against the statutory requirement 10% as at December 31, 2022.

Under the Standardized Approach of the Risk Based Capital Adequacy Guidelines (RBCA) of Basel-III, counterparties' credit ratings are determined on the basis of risk profile assessed by the External Credit Assessment Institutions (ECAIs) duly recognized by Bangladesh Bank to derive risk-weights of exposures under the portfolio of claims. According to the Guidelines, the rated exposures of a bank will reduce the Risk Weights and the Regulatory Capital Requirement as well as create the room to expand the

An OBL financed Footwear Manufacturing Company

business of the bank. This will also enable the bank to assess the creditworthiness of the borrowers as well to an acceptable level.

To maintain adequate capital OBL has already issued four Subordinated Bonds i. e., (a) Subordinated Bond-1 of Tk. 220 crore issued on 26th December 2013 (qualifying amount as on 31st December, 2022 is nil), (b) Subordinated Bond-2 of Tk. 400 crore issued on 27th October 2016 (qualifying amount as on 31st December, 2022 is nil), (c) Subordinated Bond-3 of Tk. 400 crore issued in 2019 (qualifying amount as on 31st December. 2022 is Tk. 192 crore), and (d) Subordinated Bond-4 of Tk. 400 crore issued in 2022 (qualifying amount as on 31st December, 2022 is Tk. 400 crore). Along with the Subordinated Bond, to strengthen the Tier-1 capital OBL has also issued a perpetual Bond of Tk. 400 crore. As a result, OBL has adequate capital against the regulatory requirement to upheld and strengthen the confidence of its investors. Depositors and other stakeholders. The Board of Directors & the Senior Management of the bank emphasized rigorously round the year 2022 on corporate borrower's credit rating to lower our risk profile as well as to reduce the capital requirement of the bank. Accordingly, Asset Marketing & Credit Risk Management (CRM) teams have taken all-out efforts to increase the number of corporate borrower's exposures under rated. They are constantly taking the initiatives through guidance of the Senior Management; series of meetings, correspondence, awareness program with the allied concerns i.e. branches of the bank & ECAIs.

OBL has met all the milestones set in the Bangladesh Bank Road Map. As per the Regulatory Road Map, OBL has commenced to comply with the BASEL-III requirements with effect from January 01, 2015. Since then, we have been implementing the BASEL-III standards in respect of our Capital, Supervisory Review Process and Disclosures.

ONE Bank is applying the following methodology of BASEL III for Calculating Credit, Market and Operational risks:

- (a) Credit risk: On the basis of Standardized Approach;
- (b) Market risk: On the basis of Standardized Approach; and
- (c) Operational risk: On the basis of Basic Indicator Approach.

Going Concern

The going concern assumption is a fundamental principle in the preparation of financial statements. Under the going concern assumption, an entity is ordinarily viewed as continuing in business for the foreseeable future with neither the intention nor the necessity of

An OBL financed Pharmaceutical Company

liquidation, ceasing trading or seeking protection from creditors pursuant to laws or regulations. Accordingly, Assets and Liabilities are recorded on the basis that the entity will be able to realize its Assets and discharge its Liabilities in the normal course of business. In assessing the company's ability as going concern business, we have taken into consideration the quality of assets in the loan portfolio, quality of other assets, investment in the primary and secondary market, investment in the Government Securities, liquidity profile of the company, ability to meet the possible claim of short term depositors, possible impact of the changes of the Companies Act, cash flow position, possible loss of a member(s) of the key management without replacement, loss of hot deposit. In this connection by applying stress testing, the company reviews the possible impact on capital of the bank under a set of probable but plausible negative assumption. Upon Difference Analysis, there is no doubt on the continuation of the business for the foreseeable future and there is no intention to liquidate or cease its business.

Deviations from the last year's Operating Results

Current year profit before tax has been increased compare to last year mainly due to increase of investment and exchange income.

We have also given our suggestions regarding Islami Banking operations for meticulous compliance with the Shari'ah rules and principles and also with the specific fatwa's, rulings & guidelines issued by Accounting & Auditing Organization for Islamic Financial Institution - AAOIFI.

We conducted our review and scrutiny on a test basis, of each type of transaction, the relevant documentation and procedures adopted by the ONE Bank Limited AL NOOR Islami Banking. We planned and performed the review so as to obtain the information and explanation which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that ONE Bank Limited AL NOOR Islami Banking has not violated Shari'ah rules and principles.

In our opinion on overall activities:

- The contracts made, transactions done and dealings entered into by the ONE Bank Limited AL NOOR Islami Banking during the year ended on 31st December, 2022 that we have reviewed and found all are in compliance with the Shari'ah rules and principles;
- Profit has been distributed to the Mudaraba Depositors based on Profit Sharing as Income Sharing Ratio

 ISR in accordance with Shari'ah Principles;
- The procedure of buying & selling of goods has been maintained properly and engagement of buying agents at branch level has been strengthened;
- Islami Banking Branch was inspected by the Shari'ah Auditor for the year 2022 as per ICC guidelines of Bangladesh Bank. As per inspection reports, the compliance of Shari'ah Principles is satisfactory; and
- The rules, process & procedures of different modes of Investment practiced by the Bank have been duly complied.

During the year under report, we advised the Bank on the following Issues:

- To take effective steps aiming at gradual development of the employees and customers awareness about Shari'ah compliance in Islami Banking;
- To arrange regular training & workshop on Islami Banking for the Officials to increase their professional skills and;
- To establish Islami Banking Service Desk at all Branches of the Bank duly observing Bangladesh bank guidelines.

To the best of our knowledge, no gross violation and lapses in the Islami Banking Operations of the Bank has occurred during the year 2022 under report and the Bank Management has been advised to keep the spirit of Shari'ah high in the days to come.

We beg Allah the Almighty to grant us all the success and straight forwardness.

Assalamu Alaikum Wa Rahmatullahi Wa Barakatuh.

Md. Fariduddin Ahmed Chairman Shari'ah Supervisory Committee

ONE Bank Limited

OBL Dividend Policy

<u>Preamble</u>: OBL Dividend policy is the strategy that the Bank follows in deciding the amount of dividends, ensure a steady/ regular dividend payout every year, possible tax advantage, support for stock price, flexibility, offsetting dilution effect and financial leverage, depending on Profitability, Growth, Free cash flow and Past dividends. It is a tradeoff between retained earnings on the one hand and paying out cash on the other hand.

Different types of dividend i.e., cash, stock & mix dividends policy are prevailing at present in the Banking industries. Considering the regulators requirement as well as shareholders' expectation (a) afew banks are following cash dividend, (b) a few banks are following stock dividend but (c) maximum banks are following mix dividend policy i.e., both stock and cash dividends in even or uneven ratio.

<u>Core Policy of OBL</u>: Dividend policy of ONE Bank limited is devised taking into account the long, medium and short term impacts on the shareholders' value, stock price cumshareholders' perception and local legislations and so on. It primarily focuses on:

- 1. <u>Capital Base</u>: Stock Dividend enhances the Capital Base and strengthens bank's capacity. ONE Bank Ltd pursuesa policy of continued enhancement of the Capital Base.
- 2. <u>Reinvestmen</u>t: Stock Dividend is the best source of fund and as such one of the most potential sources of liquidity.
- **3.** <u>Dilution of EPS</u>: Stock Dividend enhances number of shares which results in dilution of EPS, thus barring the growth of EPS. Considering this, the Bank will strive to strike a balance between issuance of stock & cash dividends to maintain a steady growth in EPS.
- 4. <u>Shareholders Expectation</u>: Shareholders prefer immediate payout / Cash Dividend. Cash Dividend generates high return on investment in comparison with Stock Dividend if the market value and face value of sharesare similar or closure to each other.

Regulatory Requirements:

- 1. <u>Regulator directives:</u> Regulators encourage Cash Dividend. As such, there is a regulatory obligation for paying more Cash Dividend. The provisions of two regulators are quoted here
 - i. **DSE-**As per DSE Notification dated December 04, 2013 any listed company shall be shifted or transferred to the "B-category" immediately if the issuer failed to declare dividend at least at the rate of ten percent in the last English calendar year.
 - ii. **ITO 1984-**As per section 16(F) of ITO 1984, Cash Dividend Ratio will be higher or equal to the ratio of Stock Dividend, otherwise 10% Tax to be paid on whole amount of Stock Dividend.

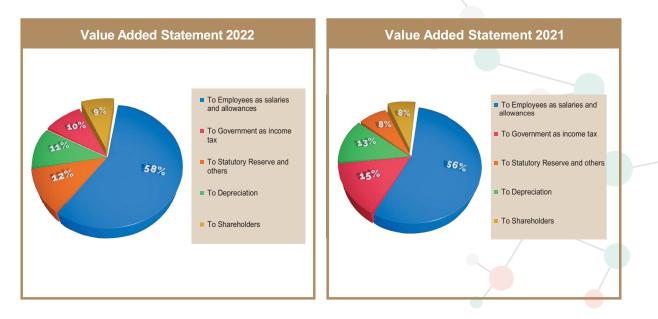

Conclusion: ONE Bank Limited will follow stable/ regular and hybrid/mix dividend policy i.e. infusing cash and stock dividends in compliance with the circulars/notifications/directives of Bangladesh Bank, Bangladesh Securities & Exchange Commission (BSEC) and/or other regulators/Authorities.

The issuance of Dividends will be finally approved in AGM before disbursement.

3. Capital Adequacy

a. Qualitative Disclosures

 A summary discussion of the Bank's approach to assessing the adequacy of its capital to support current and future activities. The Bank assesses the adequacy of its capital in terms of Section 13 (1) of the Bank Company Act, 1991 (Amended up to 2018) and instruction contained in BRPD Circular No. 18 dated 21 December 2014 (Implementation of Basel III in Bangladesh). However, in terms of the regulatory guidelines, the Bank computes the capital charge / requirement as under:

- (a) Credit risk: On the basis of Standardized Approach
- (b) Market risk: On the basis of Standardized Approach; and
- (c) Operational risk: On the basis of Basic Indicator Approach.

As per Basel-III norms, capital adequacy i.e. buffer capital is must for banks to protect the unexpected losses against the risk profile and future business growth of the bank. As per new guidelines by Bangladesh Bank, Capital Conservation Buffer @ 2.50% in the form of tier-1 capital is to maintain to absorb more shocks in addition to 10% in earlier requirement. Under the Standardized Approach of the RBCA guidelines of Basel-III, counterparties credit rating is determined on the basis of risk profile assessed by the External Credit Assessment Institutions (ECAIs) duly recognized by Bangladesh Bank to derive the risk level of exposures under the portfolio of claims. According to the guideline, the rated exposures of a bank will reduce the Risk Weights and the regulatory capital requirement as well as create the room to expand the business of the bank. This will also enable the bank to assess the creditworthiness of the borrowers as well as well as improve liquidity.

To maintain adequate capital OBL has already issued three Subordinated Bonds i. e., (a) Subordinated Bond-1 of Tk. 220 crore issued on 26th December 2013 (qualifying amount as on 31st December, 2022 is nil), (b) Subordinated Bond-2 of Tk. 400 crore issued on 27th October 2016 (qualifying amount as on 31st December, 2022 is nil), (c) Subordinated Bond-3 of Tk. 400 crore issued in 2019 (qualifying amount as on 31st December, 2022 is Tk. 192 crore) and (d) Subordinated Bond-4 of Tk. 400 crore issued in 22 June, 2022 (qualifying amount as on 31st December, 2022 is Tk. 400 crore). To strengthen the Tier-1 capital, Perpetual Bond of Tk. 400 crore has been issued in December 2022. As a result, OBL has adequate capital against the regulatory requirement to uphold and strengthen the confidence of its investors, depositors and other stakeholders. The Board of Directors & the Senior Management of the bank emphasized rigorously round the year 2022 on corporate borrower's credit rating to lower our risk profile as well as to reduce the capital requirement of the bank. Accordingly, Asset Marketing & Credit Risk Management (CRM) teams have taken all-out efforts to increase the number of corporate borrower's profile being rated by ECAIs. The business units are relentlessly pursuing the borrowers to take initiatives and awareness and activations have been in place with ECAIs to improve bank's capital base by conforming the requirements regarding risk-weighted assets.

As per BASEL-III Guidelines, a BASEL Committee comprised of senior Management / Department Heads of relevant sectors have been formed to conduct quarterly meeting chaired by Managing Director to supervise and implement the instructions of regulatory requirement in line with Bangladesh Bank's relevant Guidelines.

4.2 Description of approaches followed for specific and general allowances

ONE Bank Limited follows the General and Specific Provision requirement as prescribed by Bangladesh Bank from time to time.

4.3 Methods used to measure credit risk

In compliance with Risk Based Capital Adequacy, OBL, as per BASEL-III Guideline, uses ratings assigned by External Credit Assessment Agencies (ECAIs) approved by Bangladesh Bank. The rating is used for both fund based and Non-fund based exposure for corporate borrowers. Corporate, which are yet to get the ratings from these rating agencies, are treated as 'Unrated'.

OBL also uses the Credit Risk Grading System as introduced by Bangladesh Bank before taking any exposure on Corporate and Medium clients.

4.4 Credit Risk Management System

Credit Risk Management includes a host of management techniques, which help the banks in mitigating the adverse impacts of credit risk. The objective of the Credit Risk Management is to identify measure, monitor and control credit risk by adopting suitable methodology.

OBL Credit Policy laid down clear outlines from managing credit risk of the Bank. It gives organization structure, defines role and responsibilities of credit handling officials and processes to identify, quantify and manage credit risk.

Credit Risk management system of the Bank clearly defines the roles and responsibilities of the Marketing Division, CRM Division & Credit Administration Department. Marketing division is responsible for Business Solicitation / Relationship Management. CRM Division has been vested with the responsibilities relating to credit approval, credit review, risk grading, credit MIS. The Bank has setup Project Appraisal & Monitoring [PAM] Department under CRM Division manned with qualified Engineers for pre-sanction project appraisal & monitoring of post-disbursement project implementation. Special Asset Management Department also reports to Head of CRM Division relating to the management of impaired assets. Credit Administration Division has been entrusted with completion of documentation formalities, loading of credit limits in the system, monitoring of account movements & repayments.

The policy covers a structured and standardized credit approval process including a comprehensive credit appraisal procedure. In order to assess the credit risk associated with any financing proposal, the Bank assesses a variety of risks relating to the borrower and the relevant industry. The Bank evaluates borrower risk by focusing:

- ✓ Borrower's standing
- Borrower's business and market position
- Financial position of the borrower by analyzing the financial statements, its past financial performance, its financial flexibility in terms of ability to raise capital and its cash flow adequacy.

The Board of Directors of the Bank has delegated Business Approval Power to the Head of CRM and Managing Director. Credit facilities beyond the delegation are approved by the EC and / or Board.

The Bank manages its credit risk through continuous measuring and monitoring of risks at each obligor (borrower) and portfolio level. ONE Bank is also considering credit ratings of the client assessed by ECAIs while initiating any credit decision. A well structured Delegation and Sub-delegation of Credit Approval Authority is prevailing at ONE Bank Limited for ensuring goods governance and better control in credit approval and monitoring.

4.5 Credit Risk Mitigation

Banks, for mitigating credit risks, usually accepts collaterals viz. cash and cash equivalents, registered mortgage on land and building and hypothecation of inventory, receivables and machinery, motor vehicles, aircraft etc. Housing loans are secured by the property/ asset being financed.

However, in compliance with Risk Based Capital Adequacy as prescribed by Bangladesh Bank OBL only considers eligible financial collateral for risk mitigation as per Basel III guidelines.

The Bank accepts guarantees from individuals with considerable net worth and the Corporate, besides guarantee issued by Government, other Commercial banks in line with present BASEL-III guidelines.

4.6 Policies and Processes for Collateral Valuation and Management

OBL has specific stipulations about acceptability, eligibility and mode of valuation of real estate collaterals whereby independent qualified surveyors have been enlisted to perform the valuation job. Apart from professional valuation, RMs and credit officers at Branch level physically verify the collateral offered and cross check the professional valuation. Subsequently entire chain documents of the collateral are checked and vetted both by OBL enlisted Panel Lawyers and Head Office Loan Administration Division so as to ensure clean title and enforceability of the collateral.

6. Interest rate risk in the Banking Book (IRRBB)

a. Qualitative Disclosures

The general qualitative disclosure requirement including the nature of IRRBB and key assumptions regarding loan prepayments and behavior of non- maturity deposits, and frequency of IRRBB measurement

Interest rate risk is the potential impact on the Bank's earnings and net asset values due to changes in market interest rates. Interest rate risk arises when the Bank's principal and interest cash flows (including final maturities), for both On and Offbalance sheet exposures, have mismatched re-pricing dates. The amount at risk is a function of the magnitude and direction of interest rate changes and the size and maturity structure of the mismatch position. The portfolio of assets and liabilities in the banking book sensitive to interest rate changes is the element of interest rate risk.

The immediate impact of changes in interest rates is on the Bank's net interest income (difference between interest income accrued on rate sensitive asset portfolio and interest expenses accrued on rate sensitive liability portfolio) for particular period of time, while the long term impact is on the Bank's net worth since the economic value of the Bank's assets, liabilities and Off -balance sheet exposures are affected.

Key assumptions on loan prepayments and behavior of non-maturity deposits:

- a) loans with defined contractual maturity are re-priced in the respective time buckets in which it falls as per the loan repayment schedule;
- b) loans without defined contractual maturity are segregated into different time buckets based on the past trend, seasonality, geographical perspective and reprised accordingly;
- c) Non-maturity deposits namely current, saving deposits are segregated into different time buckets on the basis of past trend of withdrawal, seasonality, religious festivals, geographical perspective and re-priced accordingly. However, the behavior of withdrawal of non-maturity deposits of OBL is more or less stable.
- d) OBL measures the IRRBB as per the regulatory guidelines on a quarterly rest.

b. Quantitative Disclosures

8. Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal process, people and systems (for example failed IT system, or fraud perpetrated by OBL employee), or from external causes, whether deliberate, accidental or natural. It is inherent in all of the Bank's activities.

a. Qualitative Disclosure:

i) Views of Board of Directors (BOD) on system to reduce Operational Risk	The policy for operational risks including internal control and compliance risk is approved by the Board taking into account relevant guidelines of Bangladesh Bank. Audit Committee of the Board directly oversees the activities of Internal Control and Compliance Division (IC&CD) to protect against operational risks. As a part of continued surveillance, the Management Committee (MANCOM), Risk Management Committee (at the management level), independent Risk Management Division regularly reviews different aspects of operational risk. The analytical assessment was reported to the Board / Risk Management Committee / Audit Committee of the Bank for review and formulating appropriate policies, tool & techniques for mitigation of operational risk.
ii) Performance gap of executives and staffs	OBL has a policy to provide competitive package and best working environment to attract and retain the most talented people available in the industry. OBL strong brand image plays an important role in employee motivation. As a result, there is no significant performance gap.
iii) Potential external event	Like other peers, OBL operates its business with few external risk factors relating to the socio-economic condition, political atmosphere, regulatory policy changes, natural disasters etc. Considering the potential external risk, the bank invests heavily in IT infrastructure for better automation and online transaction environment.
iv) Policies and processes for mitigating operational risk	The policy for mitigating operational risks including internal control and compliance risk is approved by the Board taking into account relevant guidelines of Bangladesh Bank. A policy guideline on Risk Based Internal Audit (RBIA) system is in operation. Currently, OBL is using some models or tools for mitigating operational risk such as Self Assessment of Anti-fraud Internal Control; Quarterly Operational Report (QOR) and Departmental Control Function Check List in line with the Bangladesh Bank's relevant Instructions and recommendations. It is required to submit the statement on Self Assessment of Anti-fraud Internal Control to Bangladesh Bank on half yearly basis.
	Bank's Anti- Money laundering activities are headed by CAMELCO in the rank of Senior Executive Vice President and their activities are devoted to protect against all money laundering and terrorist finance related activities. The newly established Central Customer Service & Complaint Management Cell was also engaged in mitigating the operation risks of the Bank. Apart from that, there is adequate check and balance at every stage of operation, authorities are properly segregated and there is at least dual control on every transaction to protect against operational risk.
 v) Approach for calculating capital charge for operational risk. 	ONE Bank Limited has adopted a Basic Indicator Approach (BIA) to assess the capital charge for operational risk as of the reporting date. Accordingly, the bank's operational risk capital charge has been assessed at 15% of positive annual average gross income over the previous three years, as defined by the guideline of Risk Based Capital Adequacy (RBCA).

9. Liquidity Ratio:

Liquidity risk is the risk that a given security or asset cannot be traded quickly enough in the market to prevent a loss (or make the required profit) or when a bank is unable to fulfill its commitments in time when payment falls due. Thus, liquidity risk can be of two types:

a. Qualitative Disclosure:

i) Views of Board of Directors on system to reduce Liquidity Risk	OBL has adopted the Basel III framework on liquidity standards as prescribed by Bangladesh Bank (BB) and has put in place requisite systems and processes to enable periodical computation and reporting of the Liquidity Coverage Ratio (LCR) & Net Stable Funding Ratio (NSFR). The mandated regulatory threshold as per the transition plan is embedded into the Risk Appetite Statement of the Bank thus subjecting LCR & NSFR maintenance to Board oversight and periodical review. The Treasury Department computes the LCR & NSFR and reports the same to the Asset Liability Management Committee (ALCO) every month for review where ALCO is chaired by the Managing Director as well as to the Risk Management Committee (Management Level). The Risk Management Committee of the board sits quarterly to discuss the overall risk scenario of the bank. The Bank has been submitting LCR reports monthly & NSFR quarterly to BB as per prescribed guideline.
ii) Methods used to measure Liquidity risk	 The following methods are used to measure Liquidity risk- ✓ Liquidity Coverage Ratio (LCR) ✓ Net Stable Funding Ratio (NSFR) ✓ Cash Reserve Ratio (CRR), ✓ Statutory Liquidity Ratio (SLR) ✓ Maximum Cumulative Outflow (MCO) ✓ Advance Deposit Ratio (ADR)
iii) Liquidity Risk Management System	The Treasury Division of the Bank manages liquidity risk with oversight from Assets- Liability Management Committee (ALCO) comprising senior executives of the Bank. ALCO meets once in a month to review strategies on Asset Liability Management. Liquidity Risk is measured using flow approach and stock approach. Flow approach involves comprehensive tracking of cash flow mismatches. Stock approach involves measurement of critical ratios in respect of liquidity risk. Analysis of liquidity risk also involves examining how funding requirements are likely to be affected under crisis scenarios. The Bank has a Board approved contingency action plan to manage stressed liquidity guided by the regulatory instructions. The Bank has an extensive intraday liquidity risk management framework for monitoring intraday positions during the day.
iv) Policies and processes for mitigating Liquidity risk	The Liquidity risk management of the Bank is undertaken by the Asset Liability Management group in the Treasury in accordance with the Board approved policies and ALCO approved funding plans. The Risk & Treasury department measures and monitors the liquidity profile of the Bank with reference to the Board approved limits, on a static as well as on a dynamic basis by using the gap analysis technique supplemented by monitoring of key liquidity ratios and periodical liquidity stress testing.

10. Leverage Ratio:

In order to avoid building-up excessive on- and off-balance sheet leverage in the banking system, a simple, transparent, non-risk based leverage ratio has been introduced by Bangladesh Bank. The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements. The leverage ratio is intended to achieve the following objectives:

- Constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy; and
- Reinforce the risk based requirements with an easy to understand and a non-risk based measure.

a. Qualitative Disclosure:

- i. In line with the BASEL III guidelines, OBL Board of Directors emphasis to improve Leverage Ratio by enhancing Tier 1 capital either plausible dividend policy or enhancing profitability.
- ii. Leverage ratio is calculated dividing the Tier 1 Capital by the total Exposure. Tier 1 Capital is calculated as per BASEL III guidelines. In the case of exposure measure, OBL includes both on balance sheet exposure and off balance sheet exposure. Here, On Balance Sheet exposure is ascertained taking into consideration of accounting balance sheet netting of specific provision and off balance sheet exposure is ascertained applying 100% credit conversion factor.

11. Remuneration

a) Qualitative Disclosure:

i)	Information relating to the bodies that oversee remuneration and mandate of the Management.	The OBL Remuneration Committee i.e. the Management is responsible for overseeing, review and implementation of Bank's overall compensation structure and related policies regarding remuneration packages for all / specialized employees and the Directors/MD/any other Bank appointed/engaged person(s)/Material Risk Takers of the Bank. They also oversee performance linked incentives, perquisites, other financial options etc. with a view to attract, motivate and retain talents and review compensation packages/pay structure in comparison to that of other Banks and the industry in general to maintain its competitive edge. The Management works in close coordination with the Risk Management Committee of the Bank, in order to achieve effective alignment between remuneration and risks. The Management also ensures that the cost/income ratio of the Bank supports the remuneration package consistent with maintenance of sound capital adequacy ratio. In addition, the Management of OBL performs the following: Conduct the annual review of the Compensation Policy. Fulfill such other powers and duties as may be delegated to it by the Board. Till date, the Bank has not yet engaged any External Consultants for conducting such exercise since those were done by the Bank's Management. OBL Remuneration Policy covers the principles and rules regarding remuneration being paid/to be paid to Directors and all employees of the Bank including the Management, its review, market intelligence, analysis and proposals for modification commensurate with changed situations in compliance with relevant laws and rules & regulations.
		An employee is considered a Material Risk Taker if he/she is the Head of a significant business line, or any individuals within their control who have a material impact on the Bank's risk profile. The prevailing policies regarding remuneration and other
		financial/non-financial benefits of employees have been implemented with the approval of the Board of Directors.
ii)	Information relating to the design and structure of remuneration processes and the key features and objectives of remuneration policy	The substantive pays and other allowances including perquisites, where applicable, to the employees including all subordinates, officers and executives up to the rank of SEVP are designed/ structured in line with the competitive remuneration structure prevailing in the industry. In respect of executives above the rank of SEVP i.e. ADMD, DMD & MD, the individual remuneration is fixed by the Board of Directors. Pay Structure and perquisites payable to the employees have been approved by the Board of Directors of the Bank. While determining the remuneration package, the Management and the Board take into consideration the following factors.

		 Minimum Qualification required Experience Level of Risk involved Criticality of the job Creativity required in the job Creativity required in the job Salesmanship Leadership Corporate Rank etc. The remuneration structure for the Managing Director (MD) of the Bank is subject to approval of the Central Bank i.e. Bangladesh Bank. FINANCIAL STATEMENTS

Independent Auditor's Report

To the Shareholders of ONE Bank Limited

Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of ONE Bank Limited and its subsidiaries (the "Group") as well as the separate financial statements of ONE Bank Limited (the "Bank"), which comprise the consolidated and separate balance sheets as at 31 December 2022 and the consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flow statements for the year then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated and separate financial statements present fairly, in all material respects, the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2022, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), as explained in note # 2.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC) and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

Without modifying our opinion, we are drawing attention to the following matters:

- 1. As disclosed in note # 7.13 to the financial statements, the Bank explained the basis for measurement and recognition of provision required, maintained and the shortfall of provision against the loan and advances. The Bank also disclosed about the deferment allowed by Bangladesh Bank in this regard.
- 2. As disclosed in note # 13.3 to the financial statements, the Bank reported the Capital to Risk-Weighted Assets Ratio. As per BRPD Circular No. 18 dated 21 December 2014, the Bank had to maintain Minimum Total Capital plus Capital Conversation Buffer @ 12.50% both in the cases of Solo and Consolidated basis. However, the Bank has maintained Minimum Total Capital plus Capital Conversation Buffer 11.77% and 11.89% in the cases of Solo and Consolidated basis respectively.
- 3. In note # 2.22(a) to the financial statements, the Bank disclosed the actions to be taken to comply with the requirements of para 263(1) of the Labour Rules 2015.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated and separate financial statements of the current year. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of key audit matters	Our response to key audit matters			
1. Measurement of provision for loans, advances and				
The process for estimating the provision for loans We tested the design and operating effectiveness of key				
and advances portfolio associated with credit risk is significant and complex.	controls focusing on the following:			
For the individual analysis, provisions consider the estimates of future business performance and the market value of the collaterals provided for credit transactions.	 Tested the credit appraisal, loan disbursement procedures, monitoring and provisioning process; Identified the loss events, including early warning and default warning indicators; and 			
 For the collective analysis, these provisions are manually processed that deals with voluminous databases, assumptions and calculations for the provision estimates of complex design and implementation. At year end, the Group reported total gross loans and advances of BDT 225,865.67 million (2021: BDT 222,847.15 million) and provision for loans and advances of BDT 11,211.02 million (2021: BDT 11,221.08 million). On the other hand, the Bank reported loans and advances of BDT 222,694.15 million) on a solo basis. We need to focus on the following significant judgements and estimates that may give rise to material misstatement or management bias: Completeness and timing of recognition of loss events in accordance with criteria set out in relevant BRPD and other relevant Circulars issued by Bangladesh Bank; For individually assessed provisions, the measurement of the provision may be dependent on the valuation of collateral, estimates of exit values and the timing of cash flows. 	 Reviewed the quarterly Classification of Loans (CL). Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following: Reviewed the adequacy of the Bank's general and specific provisions; Assessed the methodologies on which the calculation of provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information; Assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines; We considered guidance given to the bank by Bangladesh Bank in this regard for this period; and Finally, assessed the appropriateness against relevant accounting standards Bank guidelines.

2. Recognition of interest income from loans and a	advances.			
Recognition of interest income has significant and wide influence on Financial Statements; Recognition and measurement of interest income	We tested the design and operating effectiveness of key controls over recognition and measurement of interest on loan and advances:			
has followed circulars of Bangladesh Bank and also involvement of complex IT environment.	 We performed test of operating effectiveness on automated control in place to measure and recognize interest income; 			
We identify recognition of interest income from loan and advances as a key audit matter because this is one of the key performance indicators of the bank and therefore there is an inherent risk of fraud and error in recognition of interest income by managements to meet specific target and expectations.	 We have also performed substantive procedure to check whether the interest income is recognized completely and accurately; Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards

3. Valuation of Treasury Bills and Treasury Bonds	
The classification and measurement of Treasury Bills and Treasury Bonds require judgment and complex estimates.	We assessed the processes and controls put in place by the Bank to identify and confirm the existence of Treasury Bills and Treasury Bonds.
In the absence of a quoted price in an active market, Treasury Bills and Treasury Bonds fair value is determined using Bangladesh Bank's guidelines and complex valuation techniques that may take into consideration direct or indirect unobservable market data and complex pricing models.	We obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls over the Treasury Bills and Treasury Bonds valuation processes, including controls over market data inputs into valuation models, model governance, and valuation adjustments.
	We tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.
	Finally, we assessed the appropriateness and presentation of disclosures in accordance with the Bangladesh Bank guidelines.
See note # 6 to the financial statements	
4. Measurement of deferred tax assets and liabilitie	25
The Bank disclosed deferred tax assets and deferred tax liabilities of BDT 94.58 million (BDT 84.60 million in 2021) and BDT 123.05 million (BDT 165.38 million in 2021) respectively as of 31 December 2022.	We obtained an understanding, and evaluated the design, the operational effectiveness of the Bank's key controls over the recognition and measurement of deferred tax assets & liabilities and the assumptions used in estimating the Bank's future taxable income.
Significant judgment is required in relation to deferred tax assets, and liabilities as their recoverability and adjustment are dependent on forecasts of future profitability over a number of years.	We also assessed the completeness and accuracy of the data used for the estimations of future taxable income. We involved tax specialists in assessing key assumptions, controls, recognition, and measurement of
	deferred tax assets and liabilities. Finally, we assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax.
See note # 9 and 12 to the financial statements	
5. Carrying value of investments in subsidiaries by	the Bank
The Bank has invested in equity shares of its two subsidiaries, namely ONE Securities Limited and ONE Investments Limited. As at 31 December 2022 the carrying value of these investments were BDT 2,480.10 million.	We reviewed Management's analysis of impairment assessment and recoverable value calculation of the investments in accordance with IAS 36. In particular, our discussions with the management of the Bank were focused on the continued appropriateness of

Hence, the investments in	the value in use model, the key assumptions used in the model, the reasonably possible alternative assumptions, particularly where they had the most impact on the value in use calculation.
these subsidiaries are subject to impairment. While impairment testing, the management is required to consider various guidelines of Bangladesh Bank, Bangladesh Securities and Exchanges Commission and other regulators. As the impairment testing is of complex and is significant to the Group's preparation of financial statements, we have considered it as a key audit matter.	We also checked mathematical accuracy of the model, recalculated discount rate used within the model, inputs used in the determination of assumptions within the model were challenged and corroborating information was obtained with reference to external market information, third-party sources.
See note # 9.1 to the financial statements

6. IT systems and controls	
The Bank's key financial accounting and reporting processes are significantly dependent on the automated controls over the Bank's information systems. As such there exist risks that gaps in the IT control environment, including automated accounting procedures, IT dependent manual controls and controls preventing unauthorized access to systems and data could result in the financial accounting and reporting records being materially misstated. The IT systems and controls, as they impact the financial recording and reporting of transactions, is a	 We performed audit procedures to assess IT systems and controls over financial reporting, which included the following: Tested the sample of key controls operating over the information technology in relation to financial accounting and reporting systems, including system access, system change management and computer operations. Assessed the management's evaluation of access rights granted to applicants relevant to financial accounting and reporting systems and tested
key audit matter.	 resolution of a sample of exceptions. Assessed the operating effectiveness of controls over granting, removal and appropriateness of access rights.
	Tested the specific application controls for key financial reporting controls.
7. Legal and regulatory matters	
We focused on this area because the Bank and its subsidiaries (the "Group") operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict. These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities.	We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group's key controls over the legal provision and contingencies process. We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters. We enquired of the Group's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports. We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information. We also assessed the Group's provisions and contingent liabilities disclosure.
Overall, the legal provision represents the Group's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial position.	Group's provisions and contingent liabilities disclosure.

Other information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us when it is prepared, and the same is likely to happen after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Group and also the separate financial statements of the Bank in accordance with IFRSs as explained in note # 2, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The

Bank Company Act, 1991 as amended and the Bangladesh Bank Regulations require the management to ensure effective internal audit, internal control and risk management functions of the Bank. The management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the Group to express an opinion on the consolidated financial statements. We are responsible
 for the direction, supervision and performance of the group audit. We remain solely responsible for our audit
 opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and

are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, the Securities and Exchange Rules 1987, the Bank Company Act, 1991 as amended up to date and the rules and regulations issued by Bangladesh Bank, we also report that:

- we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibility section in forming the above opinion on the consolidated financial statements of the Group and the separate financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
 - (a) internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
 - (b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities other than matters disclosed in these financial statements;
- (iii) Financial statement for the year ended 31 December 2022 of two subsidiaries ONE Securities Limited and ONE Investment Limited have been audited by us and have been properly reflected in the consolidated financial statements.
- (iv) in our opinion, proper books of accounts as required by law have been kept by the Bank so far as it appeared from our examination of those books;
- (v) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- (vi) the consolidated balance sheet and consolidated profit and loss account together with the annexed notes dealt with by the report are in agreement with the books of account and returns;
- (vii) the expenditures incurred were for the purpose of the Bank's business for the year;
- (viii) the consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (ix) adequate provisions have been made for advance and other assets (except as mentioned in Emphasis of Matter # 1) which are in our opinion, doubtful of recovery;
- (x) the information and explanations required by us have been received and found satisfactory;
- (xi) we have reviewed over 80% of the risk-weighted assets of the Bank and spent over 7,900 person hours; and
- (xii) Capital to Risk-weighted Asset Ratio (CRAR) as required by Bangladesh Bank has not been maintained adequately during the year.

The focus of Treasury Division is to be active in a broad-based money market, Government securities and foreign exchange markets. There was a significant contribution in the volumes and profits from foreign exchange transactions in 2022.

1.9 Information Technology

ONE Bank Limited adopted the IT system at the very beginning of its commencement of operation. During the last 23 (Twenty-Three) years of its journey, the Bank has taken several steps to improve its services giving emphasis on information technology. Starting from the introduction of world-class Core Banking Solution (CBS), the Bank has introduced various services like Internet Banking Services, Mobile Financial Services, Agent Banking Services, Islamic Banking Services, Visa Credit & Debit Cards, Pre-paid Hajj Cards, ATMs, Mobile Apps (ONE App), Wallet (OK Wallet), and various web-based online payment systems etc. ONE Bank systems are also connected with Bangladesh Bank's NPSB (National Payment Switch of Bangladesh), Automated Cheque Clearing System-BACH-II (Bangladesh Automated Clearing House), RTGS (Real Time Gross Settlement) System, BEFTN (Bangladesh Electronic Fund Transfer Network) System, eKyc System - Digitally onboarding of Customer System, etc. to provide efficient banking service to customers. The Bank has introduced sanction screening systems to ensure AML & CFT compliance and ensure the prevention of money laundering through banking transactions.

Now-a-days, the banking industry is using information technology to deal with the challenges of the ever-changing banking needs of the country. Similarly, ONE Bank is also committed to bring in new IT-driven services not only to manage business operations and business compliances efficiently but also to provide customers better with the introduction of disruptive innovation in banking.

1.10 Strategic Directions and Challenges

The strategic directions of the Bank are provided and reviewed periodically by the Marketing Division in consultation with the Senior Management. At the time of planning deposit mobilization strategies, financing plan and the budget, priority is given on the bottom up information sharing process. The Board of Directors approves the Budget and evaluates monthly performance in the Board Meeting for ensuring proper Budgetary Control and maximization of operating profit and optimization of business outcomes and provides guidelines to the Management for overcoming lapses, if identified. In keeping with the Vision and Mission of the Bank, the strategic direction of the Bank has been clearly identified and laid down in the Long Term Corporate Plan and the Budget. Budget is prepared for each year by spelling out the goals and objectives for each major strategic business unit, such as Corporate Banking, SME Banking, Retail Banking, Treasury, General Banking, etc. and the detailed action plans for the achievement thereof along with specific time frame are set out and evaluated in the marketing meeting.

1.11 Staff Training

The Bank always keeps in mind for the development of staff skill and knowledge through training. The staff training is presently pertaining through the outside Organizations, Bangladesh Bank and from Bank's own training Academy.

b) Board Meeting

The Chairman of the Board conducts the Board Meetings and ensures effective participation of all Directors, heeding to their concerns and maintaining balance of power. The Board is in full control of its affairs.

c) Information sharing system

A well-streamlined Management Information System is in place. Accurate and relevant information on the matters referred to the Board are made available in advance. Whenever the Board finds that the information sent to them is insufficient, they call for additional information and the Chairman ensures that all Directors are properly briefed on the matters deliberated at the meetings.

d) Performance of Board

The Board has implemented a self-assessment exercise covering key functions under the following activities to assess the performance of the Board and carries out the evaluations annually.

- Discharge of Statutory /Regulatory duties and Board responsibilities;
- Corporate Governance and Risk Management monitoring;
- Seeking and contributing views and opinions on strategic decision making;
- Leveraging the skills, expertise, contacts of individual Board Members in furtherance of business;
- Understanding and formulating the succession plans to ensure talent availability and address expectations
- of high potential and high quality staffs, and
- Overall view of management of the business by the Management.

1.13.2 Appointment of Directors and Managing Director

a) Director

The Members of the Board are appointed in accordance with the provisions of the Companies Act 1994, the Memorandum and the Articles of Association of the Bank, provisions of the Bank Company Act 1991(as amended up to date), directives of BSEC and Bangladesh Bank's Circulars issued from time to time. The Board believes that the combined knowledge and experience of the Board matches the strategic demands required for the Bank.

b) Managing Director

The Managing Director (as CEO) is appointed by the Board on contractual basis with a provision of renewals according to the guidelines provided by the Bangladesh Bank and the provisions of the Bank Company Act. The Board sets financial and non-financial goals and objectives for the CEO in line with the short, medium and long-term goals of the Bank. The Managing Director is entrusted with the management of the Bank's operations and he is ultimately accountable to the Board. Managing Director's performance is assessed by the Chairman annually.

1.13.3 General Meeting

a) Shareholders Suggestions

The Bank always welcomes active participation of the shareholders at the General Meetings and solicits their views at all times, thus promoting a healthy dialogue. Whenever possible, the Bank implements their suggestions.

As at and for the year ended 31 December 2022

b) Notice of the General Meeting

Notice is given to the shareholders in terms of the provisions of the Companies Act 1994, Securities and Exchange Commission Act 1993, and the guidelines of Bangladesh Bank.

1.13.4 Accountability

Communicating Performance

Bank gives high priority to timely preparation and publication of annual, half-yearly and quarterly Financial Statements with comprehensive details of the statutory requirements, enabling both existing and prospective shareholders to make a timely and fair assessment of the Bank's performance. Media of publication includes printed materials, newspapers and the website of the Bank.

2. Significant accounting policies and basis of preparation of financial statements

2.1 Basis of Preparation of the Financial Statements

The separate financial statements of the Bank as at and for the year ended 31 December 2022 comprise those of Domestic Banking Units (Main operations) including Islami Banking Operation and Off-Shore Banking Units (OBU), and the consolidated financial statements of the group comprise those of 'the Bank' (parent company) and its subsidiaries. There were no significant changes in the nature of principal business activities of the Bank and the subsidiaries during the financial year.

2.2 Presentation of Financial Statements

IFRS: As per IAS 1, a complete set of financial statements comprises a statement of financial position, a statement of profit and loss and other comprehensive income, a statement of changes in equity, a statement of cash flows, notes comprising a summary of significant accounting policies and other explanatory information and comparative information. IAS 1 also requires the entity to disclose assets and liabilities under current and non-current classification separately in its statement of financial position.

Bangladesh Bank: The presentation of these financial statements in prescribed format (i.e. balance sheet, profit and loss account, cash flow statement, statement of changes in equity, liquidity statement) and certain disclosures therein are guided by the First Schedule (section-38) of the Bank Company Act, 1991 (as amended up to date) and BRPD Circular No. 14 dated 25 June 2003 and subsequent guidelines of Bangladesh Bank. In the prescribed format there is no option to present assets and liabilities under current and non-current classification.

2.3 Statement of Compliance

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) is to be formed and it is to issue financial reporting standards for public interest entities such as banks. The Bank Companies Act 1991 has been amended to require banks to prepare their financial statements under such financial reporting standards. The FRC has been formed but yet to issue any financial reporting standards as per the provisions of the FRA and hence International Financial Reporting Standards (IFRS) as required by the Institute of Chartered Accountants of Bangladesh (ICAB) are still applicable.

Accordingly, the financial statements of the Bank are continued to be prepared in accordance with International Financial Reporting Standards (IFRS) and the requirements of the Bank Company Act 1991, the rules and regulations issued by Bangladesh Bank, the Companies Act 1994, Securities and Exchange Rules 2020. In case any requirement of the Bank Company Act 1991, and provisions and circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Bank Company Act 1991, and provisions and circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Bank Company Act 1991, and provisions and circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Bank Company Act 1991, and provisions and circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Bank Company Act 1991, and provisions and circulars issued by Bangladesh Bank shall prevail. Material departures from the requirements of IFRS are as follows:

2.3.1 Investment in Shares, Mutual Fund and Other Securities

IFRS: As per requirements of IFRS 9, classification and measurement of investment in shares and securities will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors it would generally fall either under "at fair value through profit or loss account" or under "at fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13) at the year-end is taken to profit and loss account or other comprehensive income respectively.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25 June 2003, investments in quoted shares and unquoted shares are revalued at the end of the year at market price and as per book value of last audited balance sheet respectively. As per instruction of another DOS Circular Letter No. 3 dated 12 March 2015, investment in mutual fund (close-end) is revalued at lower of cost and higher of market value and 85% of NAV. Provision should be made for any loss arising from diminution in value of investment (portfolio basis); otherwise investments are recognised at cost.

As at and for the year ended 31 December 2022

2.3.2 Revaluation gains/losses on Government Securities

IFRS: As per requirement of IFRS 9 where securities will fall under the category of fair value through profit or loss account, any change in the fair value of assets is recognised through the profit and loss account. Securities designated as amortised cost are measured at effective interest rate method and interest income is recognised through the profit and loss account.

Bangladesh Bank: As per the DOS Circular No.-05, dated May 26, 2008 and subsequent clarification in DOS Circular No-05, dated January 28, 2009 HFT (Held For Trading) securities are revalued on the basis of marking to market and at year end any gains on revaluation of securities which have not matured as at the balance sheet date are recognized in other reserves as a part of equity and any losses on revaluation of securities which have not matured as at the balance sheet date are recognized in other reserves date are charged in the profit and loss account. Interest on HFT securities including amortization of discount are recognized in the profit and loss account. HTM (Held To Maturity) securities which have not matured as at the balance sheet date are amortized at the year end and gains or losses on amortization are recognized in other reserve as a part of equity.

2.3.3 Provision on Loans and Advances / Investments

IFRS: As per IFRS 9 an entity shall recognised an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure the impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses if the credit risk on these loans and advances has increased significantly since initial recognition whether assessed on an individual or collective basis considering all reasonable information, including that which is forward-looking. For those loans and advances for which the credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12 month expected credit losses that may result from default events on such loans and advances that are possible within 12 months after reporting date.

Bangladesh Bank: As per BRPD Circular No.14 dated 23 September 2012, BRPD circular No. 19 dated 27 December 2012, BRPD Circular No 05 dated 29 May 2013, BRPD Circular No. 8 dated 02 August 2015, BRPD Circular No. 12 dated 20 August 2017, BRPD Circular No. 16 dated 21 July 2020 and BRPD Circular Letter No. 52 dated 20 October 2020 general provision at 0.25% to 2% under different categories of unclassified loans has to be maintained regardless of objective evidence of impairment. And as per BRPD Circular Letter No. 56 dated 10 December 2020 provision maintained 1% as Special General Provision COVID-19 and 1.5%-2.0% as Additional General Provision as per BRPD Circular Letter No. 52 dated 29 December 2021, BRPD Circular Letter No. 53 dated 30 December 2021 and BRPD Circular Letter No. 53 dated 22 December 2022. And, specific provision for sub-standard loans, doubtful loans and bad losses has to be provided at 5%-20%, 20%-50% and 100% respectively for loans and advances depending on the duration of overdue status. Also a general provision at 1% as September 2012 (except contain in BRPD Circular Letter No. 01 dated 03 January 2018 and BRPD Circular No. 07 dated June 21, 2018). These provisions are not specifically in line with those prescribed by IFRS 9.

2.3.4 Recognition of Interest in Suspense

IFRS: Loans and advances to customers are generally classified at amortised cost as per IFRS 9 and interest income is recognised by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently become credit-impaired, the entity shall apply the effective interest rate to the amortised cost of these loans and advances.

Bangladesh Bank: As per BRPD Circular No. 14 dated 23 September 2012, once a loan is classified, interest on such loans is not allowed to be recognized as income, rather the corresponding amount needs to be credited to interest suspense account which is presented as liability in the balance sheet.

2.3.5 Other Comprehensive Income

IFRS: As per the requirement of IAS 1, Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single Other Comprehensive Income statement.

Bangladesh Bank: Bangladesh Bank has issued templates for financial statements which are to be followed by all banks in Bangladesh. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income as a component of financial statements. As such the Bank does not prepare the other comprehensive income statement. However, elements of OCI, if any, are shown in the statements of changes in equity.

As at and for the year ended 31 December 2022

2.3.6 Financial Instruments – Presentation and Disclosure

In several cases Bangladesh Bank guidelines categories, recognize, measure and present financial instruments differently from those prescribed in IFRS 9. As such full disclosure and presentation requirements of IFRS 7 and IAS 32 cannot be made in the financial statements.

2.3.7 Financial Guarantees

IFRS: As per IFRS 9, financial guarantees are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. Financial guarantee liabilities are recognised initially at their fair value plus transaction costs that are directly attributable to the issue of the financial liabilities. The financial guarantee liability is subsequently measured at the higher of the amount of loss allowance for expected credit losses as per impairment requirement and the amount initially recognised less, income recognised in accordance with the principles of IFRS 15. Financial guarantees are included within other liabilities.

Bangladesh Bank: As per the requirement of BRPD Circular No. 14 dated 25 June 2003 financial guarantees such as letter of credit; letter of guarantee will be treated as off-balance sheet items. No liability is recognized for the guarantee except the cash margin.

2.3.8 Repo and Reverse Repo Transaction

IFRS: As per IFRS 9 when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan and the underlying asset continues to be recognised at amortised cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per DOS Circular Letter No 2 dated 23 January 2013 and DOS Circular Letter No 6 dated 15 July 2010, when a bank sells a financial asset and simultaneously enters into agreement to repurchase the asset (or a similar asset) at a fixed price on future date (Repo or stock lending), the arrangement is accounted for as normal sales transactions and the financial asset is derecognised in the seller's book and recognised in the buyer's book.

2.3.9 Cash and Cash Equivalent

IFRS: As per the requirement of IAS 7, Cash and cash equivalent items should be reported as cash item.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25 June 2003, few highly liquid assets such as Money at call on Short Notice, Treasury Bills, Bangladesh Bank Bills and Prize Bonds are not shown as cash and cash equivalents items in the Balance Sheet rather these are shown in the face of the balance sheet as separate items. However, in the cash flow statement, these items are shown as cash equivalents besides cash in hand, balance with BB and other banks.

2.3.10 Non-Banking Asset

IFRS: No indication of Non-banking asset is found in any IFRS.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25 June 2003 there must exist a face item named Nonbanking asset and the holding period of non-banking assets is mentioned in the Bank Company Act 1991 (as amended up to date).

2.3.11 Cash Flow Statement

IFRS: As per the requirement of IAS 7, the Statement of Cash Flows can be prepared using either the direct method or the indirect method. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25 June 2003 Cash Flow Statement is the mixture of direct and indirect methods.

2.3.12 Balance with Bangladesh Bank: (Cash Reserve Requirement)

IFRS: As per the requirement of IAS7, Balance with Bangladesh Bank should be treated as other asset as it is not available for use in day to day operations.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25 June 2003 Balance with Bangladesh Bank is treated as cash and cash equivalents.

As at and for the year ended 31 December 2022

2.3.13 Presentation of Intangible Assets

IFRS: As per the requirement of IAS 38, an intangible asset must be identified and recognized, and the disclosure must be given in the Financial Statements.

Bangladesh Bank: As per BRPD Circular No 14 dated 25 June 2003 there is no regulation for treatment of intangible assets.

2.3.14 Off-Balance Sheet Items

IFRS: There is no concept of off-balance sheet items in any IFRS; hence there is no requirement for disclosure of off-balance sheet items on the face of the balance sheet.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25 June 2003 off-balance sheet items (e.g. Letter of credit, Letter of guarantee etc.) must be disclosed separately on the face of the balance sheet.

2.3.15 Loans and Advances/Investments Net of Provision

IFRS: Loans and advances/Investments should be presented net of provision.

Bangladesh Bank: As per BRPD Circular No.14 dated 25 June 2003 provision on loans and advances/ investments are presented separately as liability and cannot be netted off against loans and advances.

2.3.16 Disclosure of appropriation of profit

IFRS: There is no requirement to show appropriation of profit in the face of statement of comprehensive income.

Bangladesh Bank: As per BRPD circular No. 14 dated 23 September 2012, an appropriation of profit should be disclosed in the face of profit and loss account.

2.4 Basis of measurement

The consolidated financial statements of the Group and the separate financial statements of the Bank have been prepared on the historical cost basis except for the following material items:

- Government treasury bills and bonds designated as 'Held for Trading (HFT)' are marked-to-market weekly with resulting gain credited to revaluation reserve account but loss charged to profit and loss account.
- Government treasury bills and bonds designated as 'Held to Maturity (HTM)' are amortized yearly with resulting gain credited to amortization reserve account but loss charged to profit and loss account.

2.5 Use of Estimates and Judgments

The preparation of financial statements requires management's judgments, estimates and assumptions for which the application of accounting policies and the reported amounts of assets, liabilities, income and expenses may vary and actual results may differ from those estimates. The most significant areas where estimates and judgments have been made are provisions for loans and advances, provision for income tax (current & deferred tax), gratuity fund and liquidity statements.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

2.6 Foreign currency transactions and translations

i.Functional and presentational currency

Financial statements of the Bank are presented in Taka, which is the Bank's functional and presentational currency. Functional currency for off-Shore banking unit is US Dollar.

ii. Foreign currency translation

Foreign currency transactions are converted into equivalent Taka currency at the ruling exchange rates on the respective dates of such transactions as per IAS 21 "The effects of Changes in Foreign Exchange Rates"

In preparing solo financial statements, assets and liabilities in foreign currencies at 31 December 2022 have been converted into Taka currency at the revaluation rate determined by the Bank.

Differences arising through buying and selling transactions of foreign currencies on different dates of the year have been adjusted by debiting / crediting exchange gain or loss account.

As at and for the year ended 31 December 2022

iii.Commitments

Commitments for outstanding forward foreign exchange contracts disclosed in these financial statements are translated at contracted rates. Contingent liabilities/commitments for letter of credit, letter of guarantee and acceptance denominated in foreign currencies are expressed in Taka terms at the rates of exchange ruling on the date of balance sheet.

2.7 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements of the group and those of the Bank have been applied consistently except otherwise instructed by Bangladesh Bank as the prime regulator. Certain comparative amounts in the financial statements have been reclassified and rearranged to conform to the current year's presentation.

Accounting policies of subsidiaries

The financial statements of subsidiaries (ONE Securities Limited and ONE Investments Limited) which are included in the Consolidated Financial Statements of the Group have been prepared using uniform accounting policies of the Bank (Parent) for transactions and other events of similar nature. There is no significant restriction on the ability of subsidiaries to transfer funds to the parent in the form of cash dividends or to repay loans and advances taken by the subsidiaries from the Bank.

2.7.1 Basis of consolidation

The consolidated financial statements include the financial statements of ONE Bank Limited and those of its two subsidiaries (ONE Securities Limited and ONE Investments Limited) prepared as at and for the year ended 31 December 2022. The consolidated financial statements have been prepared in accordance with IFRS 10 'Consolidated Financial Statements'.

2.7.2 Transactions eliminated on consolidation

Intra-group balances and income and expenses arising from intra-group transactions are eliminated in preparing these consolidated financial statements.

2.7.3 Going Concern

The Financial Statements have been prepared on a going concern principle which is the assumption that an entity will remain in business for the foreseeable future. Conversely, the Bank has neither any intention nor any legal or regulatory compulsion to halt operations and liquidate its assets in the near term at what may be very low fire-sale prices. The management is not aware of any material uncertainties that may cause to believe that significant doubt upon the Bank's ability to continue as a going concern.

2.8 Assets and the basis of their valuation

2.8.1 Cash and Cash Equivalents

Cash and cash equivalents include notes and coins on hand, unrestricted balances held with Bangladesh Bank and highly liquid financial assets which are subject to insignificant risk of changes in their fair value and are used by the Bank Management for its short-term commitments.

2.8.2 Loans and Advances

a) Loans and Advances are stated at gross amount and before off setting specific and general provisions against them.

b) Interest on Loans and Advances is calculated on a daily product basis but charged and accounted for quarterly on an accrual basis.

i) Provision for other assets

Provision for other assets is made as per the instructions of the BRPD Circular No. 04 dated 12 April 2022.

j) Provision for nostro accounts

Provision for unsettled transactions in nostro accounts is made as per FEPD circular no. FEPD (FEMO) / 01/2005-677 dated 13 September 2005 of Foreign Exchange Policy Department (FEPD) of Bangladesh Bank. Detailed information on the reporting date are given in the **Note 12.13**.

k) Provision for liabilities and accrued expenses

In compliance with IAS 37, provisions for other liabilities and accrued expenses are recognized in the financial statements when the Bank has a legal or constructive obligation as a result of past event, it is probable that an outflow of economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

I) Taxation

1. Current Tax

Provision for current income tax has been made at 37.50% as per prescribed in the Finance Act, 2022 on accounting profit made by the Bank after considering some of the add backs to income and disallowances of expenditure and provisions as per Income Tax Ordinance 1984.

2. Deferred Tax

Deferred tax is made as per the balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary difference and deferred tax assets are recognized to the extent that it is probable that the taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. The Bank has made adequate provision for deferred tax.

2.8.7 Capital and Shareholders' Equity

Capital Management

The Bank has a capital management process in place to measure, deploy and monitor its available capital and assess its adequacy. This capital management process aims to achieve four major objectives: exceed regulatory thresholds and meet long term internal capital targets, maintain strong credit ratings, manage capital levels commensurate with the risk profile of the Bank and provide the Bank's shareholders with acceptable returns.

As at and for the year ended 31 December 2022

Capital is managed in accordance with the Board-approved Capital Management Planning from time to time. Senior Management develops the capital strategy and oversees the capital Management Planning of the Bank. The Bank's Finance, Treasury and Risk Management department are key in implementing the Bank's capital strategy and managing capital. Capital is managed using both regulatory capital measure and internal matrix.

a) Authorized and issued capital

The authorized capital of the Bank is the maximum amount of share capital that the Bank is authorized by its Memorandum and Articles of Association to issue (allocate) among shareholders. This amount can be changed by shareholders' approval upon fulfillment of relevant provisions of the Companies Act 1994. Part of the authorized capital usually remains unissued. The part of the authorized capital already issued to shareholders is referred to as the issued share capital of the Bank.

b) Paid up Share Capital

Paid up share capital represents total amount of shareholder capital that has been paid in full by the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding-up of the Company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

c) Share premium

The Share premium represents the excess amount received by the Bank from its shareholders over the nominal/par value of its share. The amount of share premium can be utilized as per the provision of section 57 of the Companies Act 1994. Currently, the Bank does not have any share premium.

d) Statutory Reserve

Transfer to the statutory reserve has been maintained @ 20% of Profit before Tax in accordance with provisions of section 24 of the Bank Company Act, 1991(as amended up to date). This is mandatory until such reserve is equal to the paid up capital together with amount in the share premium account, after this it is optional.

e) Reserve for amortization/ revaluation of securities

When the value of a government treasury security categorized as HTM increases as a result of amortization, the amount thus increased is recognized directly to equity as 'reserve for amortization'. However, any increase in the value of such securities categorized as HFT as a result of 'mark to market' is booked under equity as 'revaluation reserve' but any decrease is directly charged to profit and loss account as per Bangladesh Bank DOS Circular Letterr No. 5 dated 26 May 2008 & DOS Circular Letterr No. 5 dated 28 January 2009.

f) Non-Controlling (minority) interest

Non-controlling (minority) interest is that portion of the profit or loss and net assets of the subsidiary (ONE Securities Limited and ONE Investment Limited) attributable to equity interest that are not owned directly or indirectly through subsidiary, by the parent (ONE Bank Limited). Minority interest is reported on the consolidated profit and loss account as a share of profit belonging to the minority shareholders.

2.9 Revenue Recognition

a) Interest Income (Conventional Banking)

Interest income is recognized on accrual basis. Interest on unclassified loans and advances are calculated at the prescribed rates to be taken into income. Interest is ceased to be taken into income when such loans and advances are marked as classified as per criteria prescribed by the Bangladesh Bank. It is then kept in interest suspense account. Interest on classified advances is accounted for when it is realized in cash.

* In order to comply with certain specific rules and regulations of the local Central Bank (Bangladesh Bank) which are different to IAS / IFRS, some of the requirements specified in these IAS / IFRSs are not applied which are described in **Note 2.3**.

** This Standard regards a retirement benefit plan as a reporting entity separate from the employers of the participants in the plan. Therefore, it is not applicable for the Bank's annual report as it is the employer and not the retirement benefit plan itself.

*** The objective of IAS 34 is to prescribe the minimum content of an interim financial report and to prescribe the principles for recognition and measurement in complete or condensed financial statements for an interim period and hence it is not applicable for annual financial statements. However, The Bank is complying with IAS 34 regularly for publications of Interim Financial Report.

2.24 IFRS 16: Leases

IFRS 16 is effective from 01 January 2019 as adopted by Institute of Chartered Accountants of Bangladesh. IFRS 16 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments.

ONE Bank Limited has applied IFRS 16: "Leases" using modified retrospective approach where the bank measured the lease liability at the present value of the remaining lease payments and recognized a right-of-use asset at the date of the initial application on a lease by lease basis.

Upon lease commencement the bank recognizes a right-of-use asset and a lease liability. The right-of-use asset is initially measured at the amount of the lease liability plus any initial direct costs incurred by the Bank.

The lease liability is initially measured at present value of the future lease payments discounted using the discount rate implicit in the lease (i.e. weighted average cost of deposit). Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others.

The Bank has elected not to recognize right-of-use assets and lease liabilities for leases of low value assets and short term lease, i.e; for which the lease term ends within 12 months of the date of initial application and ATM & Sub-branch rent (considering the same as low value assets). The Bank recognizes lease payments associated with these leases as expenses.

On the balance sheet, right-of-use assets have been included in the fixed assets and lease liabilities have been included in other liabilities.

2.25 BASEL III Implementation

Under the guideline of BASEL III Implementation plan issued by Bangladesh Bank vide BRPD Circular No.18, Dated December 21, 2014, ONE Bank Ltd has already entered in the domain of BASEL III. Accordingly, OBL successfully managed to maintain all the requirements of phase wise BASEL III implementation. OBL maintained @11.77% against minimum capital requirement (MCR) @10% as at December 31, 2022.

2.26 Risk Management

ONE Bank Ltd aims at the delivery of superior shareholder value by achieving the optimum trade-off between risk and return. Our risk management strategy is based on a clear understanding of various risks taken, well-developed risk-assessment and measurement procedures, effective risk-preventing/ minimizing, measures and continuous monitoring of the entire process at the very top level. The policies and procedures established for this purpose are being continuously improved to be in line with international best practices.

The ingredients of the risk management system at ONE Bank Ltd is capital structure, complexity of functions, level of technical expertise, quality of MIS, etc. and it is structured to address the total risk, i.e. both banking as well as non-banking risks. It also covers both on-balance sheet and off-balance sheet exposures. The prime objective of this risk management system is to ensure that the Bank takes well-calculated business risks while safeguarding the Bank's capital, its financial resources, profitability from various risks and the reputation.

The risks are defined as the possibility of losses, financial or otherwise. The Risk Management of the Bank covers 6 (Six) Core Risk Areas of banking as defined by the Bangladesh Bank. The Areas are as follows:

- 1) Credit Risk Management;
- 2) Foreign Exchange Risk Management;
- 3) Asset Liability Management;
- 4) Prevention of Money Laundering;
- 5) Internal Control & Compliance Risk; and
- 6) Information and Communication Technology Security Risk.

In light of the Risk Management, Bank takes well calculative business risks for safeguarding its capital, financial resources, and profitability. In this context, the Bank took steps to implement the guidelines of Bangladesh Bank as under:

2.26.1 Credit Risk Management

Credit risk is the potential that a Bank Borrower or Counterparty fails to meet its obligation in accordance with agreed term. This includes non-repayment of principal and / or interest within the agreed time frame, at the agreed rate of interest and in the agreed currency. This may happen due to impairment in Client's ability to pay and or willingness to pay. The goal of credit risk management at the ONE Bank Ltd. is to maximize the Bank's risk-adjusted rate of return by maintaining credit risk exposure within acceptable parameters.

Uncertainties or risks associated in credit activities need to be understood, evaluated and managed in a structured way to ensure growth and stability of the Bank. Thus, the Bank needs to have a robust credit risk management frame work as well as a culture for maintaining and reinforcing its credit standards.

Towards ensuring transparency and accountability, entire credit related activities in ONE Bank Ltd. have been segregated into different segments. A separate Credit Risk Management Division has been established at Corporate Headquarters, which is entrusted with the responsibilities of managing all approval issues upon

As at and for the year ended 31 December 2022

imparting due diligence and rigorous risk analysis, devising mitigates thereto and formulating policy/strategy for lending operations. An effective assessment is done before sanction of any credit facility at Credit Risk Management Unit, which includes borrower risk analysis, historical performance of the customer, security of the proposed credit facility etc. OBL meticulously addresses environmental risk issues in compliance with Bangladesh Bank Guideline. Compliance of upcoming Environmental and Social Risk Management issues are in the card as well.

Credit approval authority has been delegated to the individual executives. Credit limits beyond their delegation are approved /declined by the Executive Committee and the Management. In determining Single Borrower/ Large Loan limit, the instructions of Bangladesh Bank are strictly followed. Other units namely (a) Credit Risk Management Unit, (b) Credit Administration Unit, (c) Credit Monitoring and Recovery Unit are in place towards ensuring proper security documentation and maintaining asset quality.

2.26.2 Foreign Exchange Risk Management

Foreign Exchange Risk is defined as the potential change in earnings arising due to change in market prices. The front office of the Treasury Department of the Bank independently conducts the transactions and the back office is responsible of verification for the deals and passing of their entries in books of accounts. All foreign exchange transactions are revalued at Market rate as determined by Bangladesh Bank at the month end. The reconciliation of Nostro Accounts is done on monthly basis and reviewed outstanding entries beyond 30 days by the Management for its settlement.

2.26.3 Asset Liability Risk Management

The Bank has formed an Asset Liability Committee (ALCO) for monitoring Balance Sheet risk and Liquidity risk of the Bank. The Balance Sheet risk is defined as potential change in earnings due to change in rate of interest, foreign exchange rates which are not of trading nature. ALCO reviews Liquidity requirement of the bank, the maturity of assets and liabilities, deposit and lending pricing strategy and the liquidity contingency plan.

2.26.4 Prevention of Money Laundering and Combating Financing of Terrorism

ONE Bank Limited as a reporting organization is subject to the AML & CFT laws. Considering Money Laundering (ML) and Terrorist Financing (TF) as one of the major threats to the stability and the integrity of financial system, and in response to national and international initiatives, ONE Bank Limited maintains its firm commitment not to let the unscrupulous people use the Bank to launder their ill-gotten money or conduct their illegal activities.

In line with the requirement of the laws and regulatory instructions, the Bank accomplishes and maintains an effective AML & CFT program to keep the Bank risk free from Money Laundering and Terrorist Financing. The Bank follows "Four Pillars" theory in applying the program. These are:

- A system of internal Policy Guidelines, Procedure and Controls (first line of defense);
- A designated compliance function with a compliance officer (second line of defense);
- An independent audit function to review and evaluate the overall effectiveness of the AML & CFT program (third line of defense);
- A regular employee training/awareness program.

ONE Bank Limited has a "Money Laundering and Terrorist Financing Risk Assessment Guidelines" and considering the overall risk management strategy of the Bank, it has developed its own "OBL Policy Guidelines on ML & TF Risk Management" which was reviewed lastly in 2020. The Bank also has a Policy Guidelines on Trade Based Money Laundering (TBML). The Bank has taken initiatives to update all the Policy Guidelines to incorporate the recent changes of rules and regulations on AML & CFT.

The Bank has a Central Compliance Committee (CCC) headed by the Chief Anti Money Laundering Compliance Officer (CAMLCO) in the rank of Additional Deputy Managing Director, the Deputy Chief Anti Money Laundering Compliance Officer in the rank of Executive Vice President (EVP) and a dedicated Anti Money Laundering Division (AMLD) at Corporate Headquarters (CHQ). A Branch Anti Money Laundering Compliance Officer (BAMLCO) is assigned in every Branch of the Bank to handle AML & CFT activities. The BAMLCO is supported by the Branch Compliance Committee (BCC) comprising concerned officers related with the job.

The Bank has a Real Time Sanction Screening Process. The Suspicious Transaction/ Activity Reporting (STR/ SAR) detection and reporting systems are in place. As a part of regulatory compliance on AML & CFT, the Bank conducts training on AML & CFT from time to time covering all the employees including Trade Based Money Laundering (TBML), Credit Backed Money Laundering (CBML) etc. The Bank has a Customer Acceptance Policy in place and has "Know Your Customer (KYC)" program since its inception and applies Customer Due Diligence (CDD) and Enhanced Due Diligence (EDD). The Bank is in the process to implement a Reg-Tech Software for stronger AML monitoring process and better compliance.

ONE Bank Limited though focused on incremental growth on one hand, on the other, it has remained to be a compliant financial institution; and the Bank intends to continue as a growth driven compliant institution.

2.26.5 Internal Control and Compliance Risk

Internal Control is a control mechanism establishes in the operation of the Bank by introducing required policies and procedures to comply the tasks appropriately. A sound internal control function plays an important role in contributing to the effectiveness of the internal control system. ONE Bank Limited has a Board approved Guidelines on Internal Control & Compliance.

The Board established an Audit Committee of the Board and a Senior Management Team (SMT) to monitor the effectiveness of the internal control system. The Management established a professional and efficient working environment within the Bank by creating and maintaining adequate and effective internal control systems. Internal audit have been conducted on periodical interval to ensure appropriate compliance of Bank's and Regulatory Policies. The Senior Management Team (SMT) and Audit Committee of the Board have been reviewing the effectiveness of the internal control system and apprising the Board as and when necessary. In addition to the internal Audit Team, the Monitoring Team conducts surprise inspections at Branches and Divisions/Departments. On the other hand Compliance Team ensures meticulous compliance of internal audit and inspection reports.

External auditors regularly provide unbiased recommendations on the strengths or weaknesses of the Bank's internal control system. They examine records and transactions and evaluate the accounting policy, disclosure policy and methods of financial estimation. This allows the Board and the Management to independently view the Bank's overall control system. Bangladesh Bank and other regulatory agencies also conduct their regular inspections to ascertain control lapses within the system.

The Management recognizes and appreciates the value and significance of internal controls and ensures the presence of an efficient and effective control system by identifying control objectives, devising pertinent policies/ procedures and establishing relevant control procedures covering all areas of activities, after approval of the competent authority.

2.26.6 Information and Communication Technology Security Risk

Now a day's technology-driven issues, such as information privacy, information security and information integrity have become pivotal and have reached the forefront of the policy agenda in the banking industry. ONE Bank being a bank using IT as a business driver, gives special emphasis on ensuring security for information vis-avis information systems. The Bank has taken many measures to secure its infrastructure. The Bank introduced EMV Cards, 2 Factor Authentication (2FA) System, SSL certificates to facilitate customers with secure financial transactions for card transactions and Internet Banking or E-Commerce transactions. In order to secure financial transaction, application and user level as ONE Bank is committed to providing banking service based on technology, security and excellence.

ONE Bank has an "Information Security Policy" formulated in line with the latest ICT Security Guidelines of Bangladesh Bank and industry best practices. All activities and operations of the Bank are required to comply with the guidelines of the Information Security Policy of the Bank to ensure information security that covers physical security, network security, system security, disaster recovery and business continuity planning to use of hardware and software, disposal of data, protection of copyrights, other intellectual property rights. ONE Bank's IT systems are designed to the industry standards and driven by the Information Security Policy of the Bank. The Bank updates the policy on regular basis to combat the ever-evolving cyber-security threats. In 2022 ITD has successfully achieved ISO 27001:2013 certification for our Information Security Management System (ISMS). This certification demonstrates our commitment to maintaining the highest level of security standards for our organization and our customers. With this certification, we can assure our customers that their information is safe with us and that we have taken all necessary measures to protect it. It also enables us to improve our information security practices and ensure we are continuously monitoring and improving our systems.

2.27 Disclosure on fraud and forgeries committed by bank employees:

At ONE Bank Limited (OBL), we follow a stringent screening process while we recruit officers and staff. The prospective employee's family background/employment history/ association is checked/cross checked in terms of integrity, attitude, behavioral pattern and financial sanctions/money laundering through Sanction Screening Software of OBL (based on data provided by UNSCR, OFAC, HMT, EU and published by Local Authority of Bangladesh) electronically. The Copies of Passports of respective appointees are being taken during joining the Bank. In case someone doesn't have passport, he/she is advised to get passport and submit a copy of the same to HR Division, Corporate HQ within 3 months from the date of joining. Memory Management Systems (CMMS) for background check of experienced bankers, FI's employees and verify National ID on-line. Educational Certificates are verified from the respective Boards/Universities and/or websites as applicable. As a result, the OBL since its inception has seen comparatively very few cases of fraud and forgeries. Moreover, our Internal Control and Compliance Division (ICCD) has been strengthened to remain ever vigilant. These have reduced the chances of fraudulent activities in OBL.

However, in the year 2022, 1 (one) fraud was detected. Total embezzled amount was Tk. 11,846.00 (Taka eleven thousand eight hundred forty six). The amount has been realized in full from the perpetrator. The responsible officer has been withdrawn from the desk and further investigation is on to find out if any other such incidence has been committed by him or anybody else is involved in the fraudulent transaction. After getting the final report, stringent disciplinary measures will be taken against the responsible person(s).

To comply the BRPD Circular Letter No. 28 dated 26 July 2022 and BRPD Circular Letter No. 30 dated 27 July 2022, the Management of the Bank has taken austerity measures in all respect to ensure cost savings on account of fuel, electricity, entertainment, travelling, computer & accessories, electric equipment, furniture and other stationeries. All branches and divisions were duly instructed citing necessary steps to follow meticulously reduce the expenses. On the other hand, all vehicle purchases were suspended as well as expenditure on different heads were also being monitored closely in order to ensure cost savings during the period under review. Despite the fact that the initiatives resulted significant reduction in utility consumption/usage however, the recent increase in utility price caused higher utility cost in reality.

51 Workers Participation Fund and Welfare Fund

SRO-336-AIN/2010 dated October 5, 2010 issued by the 'Ministry for Labour and Employment' states the status of business of certain institutions and companies along with Bank and Insurance companies as "Industrial Undertakings" for the purposes of Chapter- XV of the Bangladesh Labour Act, 2006 (as amended up to date) which deals with the workers' participation in company's profit by way of 'Workers Participation Fund' and 'Welfare Fund'. This Act requires the "Industrial Undertakings" to maintain provision for workers' profit participation fund @ 5% on net profit.

Since this requirement contradicts with 'section 11' of the 'Bank Companies Act 1991 (as amended up to date)', Banks in Bangladesh took up the issue collectively through the 'Association of Bankers Bangladesh Limited (ABB)'. ABB wrote a letter to 'Ministry of Finance' of the Government of People's Republic of Bangladesh on 9th March, 2016 to draw attention of Honorable Finance Minister regarding relevance and applicability of Chapter XV of the Bangladesh Labour Act, 2006 (amended up to date) for Bank Companies and to obtain a directive on the issue. The 'Ministry of Finance' opined that the WPPF should not be relevant for Bank Companies and therefore, it should not be applied there.

The ABB also sought an opinion on this issue from Bangladesh Bank. Subsequently, Bangladesh Bank agreed on all the logic and legal opinion collected by the ABB and expressed their consensus with them on 29th November, 2016 i.e., irrelevance of Chapter XV of the Bangladesh Labour Act, 2006 (amended up to date) in Bank Companies. In this backdrop, the "Ministry of Finance' has given their instruction, vide letter no. 53.00.0000311.22.002.17.130 dated February 14, 2017 for not applying Chapter XV of the Bangladesh Labour Act, 2006 (amended up to date) in Bank Companies. Therefore, no provision in this regard has been made in the financial statements for the year ended on December 31, 2022.

52 Number of employees of the Bank

The number of employees engaged for the whole year or part thereof who received a total remuneration of Tk. 36,000 p.a. or above were 2,701 (2021: 2,577).

53 Coverage of External Audit

The external auditors of the Bank, MABS & J Partners, Chartered Accountants worked about 7,900 person hours. They have reviewed more than 80% of the Bank's risk weighted assets as at the Balance Sheet date.

54 Events after the balance sheet date

The Board of Directors has recommended 5% stock dividend in its 356th meeting held on 30 April 2023 based on NOC from Bangladesh Bank vide letter # DOS (CAMS) 1157/41 (Dividend)/2023-2201 dated 30 April 2023 subject to the approval from Bangladesh Securities and Exchange Commission and of the Shareholders at the next Annual General Meeting.

ONE Bank Limited Islami Banking Unit Notes to the Financial Statements For the period ended 31 December 2022

1.5 Distribution of Profit under Islamic Banking Operation

ONE Bank Ltd. occupies a special place in the history of Islami banking in Bangladesh by introducing a very simple and most Shariah compliant profit sharing module 'Income Sharing Ratio' or 'ISR'. In this module, the bank offers an ISR based provisional rate to each Mudaraba depositor. The actual profit is adjusted after calculation at the end of each year on the basis of income earned for the same period. This unique profit-sharing system has already gained widespread popularity among Shariah-loving depositors.

1.6 Islami Banking Products and services

Islami Banking Branches and Windows of OBL offers Deposit Products under 'Mudaraba' and 'Al-Wadiah' Principles. These products have been designed focusing on Market demand, adding new features and above all to the Customers' satisfaction. All the Deposit products of Islami Banking are also available in all the Conventional Branches, Sub-Branches & Agent Banking Outlets of OBL, using online facility for collecting & sourcing of funds.

It's not just business, AL NOOR Islami Banking always designs products focusing on Welfare and establishment of Justice & Equities in the Society with a view to achieve "Maqasid e Shari'ah".

1.7 Deposit Mobilization & Profit Distribution Model

The main function of a Islami Bank is to collect deposits from the public/institutions and Invest those deposits for the development of Agriculture, Industry, Trade and Commerce to make a profit & distributed it to the Depositors. So deposit is treated as life blood of financial Institution. OBLAL NOOR Islami Banking follows the method of Income Sharing Ratio – ISR for profit distribution to the Customers.

ISR means Income Sharing Ratio. According to ISR module the Bank do contract with customer for Investment Income Sharing. As example if sharing ratio of a customer & a Bank is 80:20 it means the client shall get 80% & the Bank shall get 20% as Management fee from the investment income of deposit. There is no proclamation of rate either provisional or fixed and final. It is to pronounce that customers open the Bank Account with uncertainty about profit from deposit. After receiving the deposit the Bank invest the fund in various Business sectors in compliance to Shari'ah principle. Keeping a portion of this income (suppose 5%) in profit equalization reserve and deducting others provisions, remaining portion of income is accounted as distributable to the depositors. Considering this profit as the profit of total deposit for concern period, income share of each deposit client is accounted against their deposit.

In this situation, we may provide a probable competitive acceptable provisional profit rate of all the Mudaraba Deposit Products and at the end of the year these rates will be adjusted with final rates derived from Income Sharing Ratio –ISR, if the Final Rates become higher than disbursed rates, the amount will be credited to the concerned Mudaraba Deposit Customers Accounts upon the basis of principle of Islami Shari'ah. On the other hand, Final Rates shall not be adjusted, if the final rates become lower upon the basis of "Ihsan" of Islami Shari'ah principle.

ONE Bank Limited Off-Shore Banking Unit Notes to the Financial Statements

For the year ended 31 December 2022

1 Status of the units

Off-Shore Banking Unit is a separate business unit of ONE Bank Limited, governed under the rules and guidelines of Bangladesh Bank. The Bank obtained the Off-Shore Banking Unit permission vide letter no. BRPD (P-3) 744 (115)/2010-2337 dated 26 May 2010. The Bank commenced the operation of its Off-Shore Banking Unit from 12 December 2010. At Present the Bank has 2 (Two) units one in Dhaka and another in Chattogram.

1.1 Principal activities

The principal activities of the units are to provide all kinds of commercial banking services to its customers through its Off-Shore Banking Units in Bangladesh.

1.2 Significant accounting policies and basis of preparation of financial statements

1.2.1 Basis of accounting

Financial statements are prepared on the basis of a going concern and represent the financial performance and financial position of the OBU. The financial statements of the OBU are prepared in accordance with the Bank Companies Act 1991, in particular Banking Regulation and Policy Department (BRPD) Circular No. 14 dated 25 June 2003, Other Bangladesh Bank Circulars, International Financial Reporting Standard (IFRSs) and other rules and regulation where necessary.

1.2.2 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

1.2.3 Foreign currency transaction

a) Foreign currencies translation

Foreign currency transactions are converted into equivalent Taka using the ruling exchange rates on the dates of respective transactions as per IAS-21" The Effects of Changes in Foreign Exchange Rates". Foreign currency balances held in US Dollar are converted into Taka at weighted average rate of inter-bank market as determined by Bangladesh Bank on the closing date of every month. Balances held in foreign currencies other than US Dollar are converted into equivalent US Dollar at buying rates of New York closing of the previous day and converted into Taka equivalent.

b) Commitments

Commitments for outstanding forward foreign exchange contracts disclosed in these financial statements are translated at contracted rates. Contingent liabilities / commitments for letter of credit and letter of guarantee denominated in foreign currencies are expressed in Taka terms at the rates of exchange ruling on the balance date.

1.2.4 Cash flow statement

Cash flow statement has been prepared in accordance with the International Accounting Standard-7 " Cash Flow Statement" under direct method as recommended in the BRPD Circular No. 14, dated 25 June 2003 issued by the Banking Regulation & Policy Department of Bangladesh Bank.

1.2.5 Reporting period

These financial statements cover from 01 January 2022 to 31 December 2022.

1.3 Assets and basis of their valuation

1.3.1 Cash and cash equivalents

Cash and cash equivalents include notes and coins on hand, unrestricted balances held with Bangladesh Bank and highly liquid financial assets which are subject to insignificant risk of changes in their fair value, and are used by the unit management for its short-term commitments.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of ONE Securities Limited

Opinion

We have audited the accompanying financial statements of **ONE Securities Limited** which comprise the Statement of Financial Position as at 31 December 2022 and Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information disclosed in Note # 1 to 33 to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in Note # 2 to the financial statements.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and Bangladesh Securities and Exchange Commission (BSEC), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye-Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended on 31 December 2022. However, we do not have any key audit matters to disclose.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Board of Directors Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon since we have not been provided with any such information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company is responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards(IFRSs), as explained in Note # 2 to the financial statements, and for such internal control as management determines it is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

FINANCIAL STATEMENTS

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting amaterial misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as agoing concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other Legal and Regulatory Requirements

We also report that:

- a. we have obtained all the material information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- **b.** in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books; and
- c. the Company's statement of financial position and statement of profit or loss and other comprehensive income together with the Note # 1 to 33 dealt with by the report are in agreement with the books of account.
- **d.** the capital to total risk requirement ratio as required by Bangladesh Securities and Exchange Commission has been maintained adequately during the year.

**The objective of IAS 34 is to prescribe the minimum content of an interim financial report and to prescribe the principles for recognition and measurement in complete or condensed financial statements for an interim period and hence it is not applicable for annual financial statements. However, The Bank is complying with IAS 34 regularly for publications of Interim Financial Report.

For the period ended 31 December 2022

2.5 Use of estimates and judgments

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. It also requires disclosures of contingent assets and liabilities at the year end.

Provisions and accrued expenses are recognized in the financial statements in line with International Accounting Standard (IAS) 37: "Provisions, Contingent Liabilities and Contingent Assets" when - the Company has a legal or constructive obligation as a result of past event; and

- i. It is probable that an outflow of economic benefit will be required to settle the obligation.
- ii. A reliable estimate can be made for the amount of the obligation.

2.6 Going concern

The Company has adequate resources to continue in operation for the foreseeable future. For this reason the Directors continue to adopt going concern basis in preparing the financial statements. The current credit facilities and adequate resources of the Company provide sufficient funds to meet the present requirements of its existing businesses and operations.

2.7 Statement of Cash flows

Statement of cash flows is prepared in accordance with the International Accounting Standard-7 "Statement of Cash Flows" and the cash flows from operating activities have been presented under direct method.

2.8 Fixed assets and depreciation

a) All fixed assets are stated at cost less accumulated depreciation as per IAS-16 " Property, Plant and Equipment". The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use inclusive of inward freight, duties and nonrefundable taxes.

b) Depreciation is charged for the year at the following rates on reducing balance method on all fixed assets.

Category of fixed assets	Rate of Depreciation per annum
Furniture and fixtures	10%
Office equipment	18%

c) Software acquired by the company is stated at cost less accumulated amortisation. Subsequent expenditure on software is capitalized only when it increases future economic benefits embodied in specific assets to which it relates. Amortisation is recognized in profit and loss on a straight line basis over the estimated useful life of the software from the date it is available for use. The estimated useful life of software is five years. Useful life, residual value and impairment of status are reviewed at each financial year end and adjusted if applicable.

d) For additions during the year, depreciation is charged for the remaining days of the year and for disposal depreciation is charged up to the date of disposal.

2.9 IFRS 16: Leases

ONE Securities Limited has applied IFRS 16: "Leases" for the first time using modified retrospective approach, with effect from 01 January 2019, where the company measured the lease liability at the present value of the remaining lease payments and recognized a right-of-use asset the amount equal to the lease liability, adjusted by the amount of prepaid lease payments relating to that lease recognized in the statement of financial position immediately before the date of initial application, i.e., 01 January 2019 at the date of the initial application on a lease by lease basis.

Upon lease commencement the Company recognizes a right-of-use asset and a lease liability. The right-of-use asset is initially measured at the amount of the lease liability plus any initial direct costs incurred by the Company.

The lease liability is initially measured at present value of the future lease payments discounted using the discount rate implicit in the lease (i.e. incremental borrowing rate). Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others.

The Company has elected not to recognize right-of-use assets and lease liabilities for leases of low value assets and short term lease i.e; for which the lease term ends within 12 months of the date of initial application. The Company recognizes lease payments associated with these leases as an expenses.

For the period ended 31 December 2022

On the statement of financial position, right-of-use assets have been included under property plant and equipment and lease liabilities have been separated into lease liabilities as per IFRS-16 (Long Term) & lease liabilities as per IFRS-16 (Short Term) under Non-Current Liabilities and Current Liabilities respectively.

2.10 Investment in securities

Investment in marketable and non-marketable ordinary shares has been shown at cost. Provision for diminution in value of shares (Quoted) as on closing of the year on an aggregate portfolio basis has been made in the account.

2.11 Cash and cash equivalents

Cash and cash equivalents include notes and coins in hand, unrestricted balances held with banks and highly liquid financial assets which are subject to insignificant risk of changes in their fair value, and are used by the Company management for its short-term commitments.

2.12 Provision for taxation

As per the Income Tax Ordinance 1984, provision for income tax has been made by applying required rate.

2.13 Interest paid and other expenses

In terms of the provision of IAS-1 "Presentation of Financial Statements" interest and other expenses are recognized on accrual basis.

2.14 Dividend income

Dividend income from investments is recognized at the time when it is declared, ascertained and right to receive the dividend is established.

2.15 Share capital

Ordinary shares are classified as equity when there is no contractual obligation to transfer cash or other financial assets.

2.16 Reporting period

These financial statements cover one year from January 01, 2022 to December 31, 2022, and January - December year is followed consistently.

2.17 Departures from IFRS

The Financial Reporting Council (FRC) has been formed in 2017, but no financial reporting standards have yet been issued as per the provisions of the Financial Reporting Act (FRA) 2015. Hence, the financial statements of the Company as at and for the year ended 31 December 2022 have been prepared in accordance with International Financial Reporting Standards (IFRSs) and as per the requirements of the provisions, circulars, rules and regulations issued by the Bangladesh Securities and Exchange Commission (BSEC) and the Income Tax Ordinance 1984. In case any requirements of the BSEC provisions, circulars, rules and regulations prevailed, and such departures from IFRS have been followed accordingly. In addition, there has been a departure from the provisions of IFRS 9 with regard to interest income. Material departures from the requirements of IFRS are as follows:

i) Provision for diminution in value of investment in shares and provision for margin loan

IFRS: In accordance with IFRS 9, an entity should recognize a loss allowance for expected credit losses on a financial asset and shall not reduce the carrying amount of the financial asset in the statement of financial position. The objective of the impairment requirements is to recognize lifetime expected credit losses for all financial instruments for which there have been significant increases in credit risk since initial recognition, whether assessed on an individual or collective basis considering all reasonable and supportable information, including that which is forward-looking. An entity shall directly reduce the gross carrying amount of a financial asset when the entity has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

As per BSEC circular reference # BSEC/SRI/NE/2020/333 dated March 27, 2023, the provision for diminution in value of share can be deferred upto December 2025. Therefore, we have maintained provision 25% for the difference of cost price and market value.

For the period ended 31 December 2022

Besides, general provision for margin exposures has been made for the year as mandatory provision as prescribed by part B of schedule C rule 5(2) of BSEC notification no. BSEC/CMRRCD/2017-357/221/ admin/89 dated May 22, 2019.

ii) Valuation of shares of DSE and CSE

IFRS: As per Para-5.2.2 of IFRS-9, an entity shall apply the impairment requirements to financial assets that are measured at amortized cost and to financial assets that are measured at fair value through other comprehensive income.

Depurture: There is no active market for shares of DSE and CSE and the sale price to Strategic Investor, Shenzhen Stock Exchange (SZSE) and Shanghai Stock Exchange (SSE), has been determined through negotiation. The sale had to be made within the time limit as given in the Exchange Demutualization Act-2013 and approved by the Bangladesh Securities and Exchange Commission (BSEC).

2.18 Reporting Currency

The amount shown in this financial statements are presented in Bangladeshi currency (Taka), which have been rounded off to the nearest Taka except where indicated otherwise.

2.19 Directors' responsibility on Financial Statements

The Board of Directors of the Company is responsible for the preparation and presentation of these Financial Statements.

2.20 Events after reporting period

All known material events after the reporting period date have been considered and appropriate adjustments/ disclosures have been made in the Financial Statements, where necessary up to the date of preparation of Financial Statements as per IAS-10 " Events After the Reporting Period".

2.21 Date of authorization

The Board of Directors accorded its approval and authorized these financial statements on 27 April 2023.

2.22 Branch Details

The Company has a total 01 number of Branch office, two Extension Offices (excluding Head Office) as on 31 December 2022.

2.23 Earnings per Share

ONE Securities Limited Statement of Tax Position of the Company As at 31 December 2022

INDEPENDENT AUDITOR'S REPORT To the Shareholders of ONE Investments Limited

Opinion

We have audited the accompanying financial statements of ONE Investments Limited which comprise the Statement of Financial Position as at 31 December 2022 and Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information disclosed in Note # 1 to 11 to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in Note # 2 to the financial statements.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and Bangladesh Securities and Exchange Commission (BSEC), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye-Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended on 31 December 2022. However, we do not have any key audit matters to disclose.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Board of Directors Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon since we have not been provided with any such information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company is responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards (IFRSs), as explained in Note # 2 to the financial statements, and for such internal control as management determines it is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

FINANCIAL STATEMENTS

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other Legal and Regulatory Requirements

We also report that:

- a. we have obtained all the material information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- **b.** in our opinion, proper books of account as required bye law have been kept by the Company so far as it appeared from our examination of those books; and
- c. the Company's statement of financial position and statement of profit or loss and other comprehensive income together with the Note # 1 to 11 dealt with by the report are in agreement with the books of account.
